

## METHODISTS TO BEGIN WORK ON NEW BUILDING

The Gettysburg Methodist Church on Monday morning at 8 o'clock will break ground for a \$70,000 Christian education building to be erected at the rear of the present church structure in the first block of E. Middle St.

The cost estimate includes changes in the present Sunday School, kitchen and dining room facilities.

The general contractor for the work will be the Gettysburg Construction Company.

The two-story, red brick building will connect with the present church building at its rear. The new building will include a new kitchen and fellowship hall and six Sunday School classrooms.

**To Remodel Present Facilities**

The present kitchen and dining room will be converted into a young people's department for the Sunday School and the remainder of the present Sunday School facilities will be renovated and remodeled. The church sanctuary is not involved in the present building plans.

Buchart Engineering Corporation of York is the architects for the new building. A considerable part of the money for the new building was raised in a special fund-raising campaign last year.

The project is being directed by a church Executive Committee headed by Howard Kitzmiller as chairman and including Charles Lightner, R. Blaine Kitzmiller, Keith Nune-maker, Alvin Bupp, William H. Pensyl, Dr. R. D. Wickerham, George W. Naugle, Charles Taylor, Miss Wynona Woodward, Earl Brandon, Howard Long, Mrs. Robert Diehl, Kenneth G. Reinhar Jr., John Clapsaddle, Mrs. Forrest Craver, James R. Feather, Mrs. Richard Naugle, Mrs. Bernard Murray and Mrs. Milton Remmel.

## EAST BERLIN'S NEW PROJECT IS DOING WELL

East Berlin's sewer and water business is doing "very well" according to the annual report filed by the borough's auditors with the county clerk of courts.

The report shows the town entered the year with a balance of \$23,528.25 in all accounts and ended 1957 with a balance of \$18,669.94 in all accounts. But the drop was in the general fund. Balances in both the water fund and sewer fund showed increases over the amount on hand at the beginning of the year.

The sewer fund began the year with \$10,489.05 in the bank. It ended the year with a balance of \$11,186.47. Income during the year included \$100 for sewer connections and \$12,470.71 for sewer rentals.

**Water Fund Up Too**

Expenditures totaled \$11,873.29 including a rental payment of \$9,000 to the sewer authority, the amount needed to cover the bonds floated to construct the new system. Other expenses included \$1,500 paid the caretaker, C. A. Eisenhart; \$762.50 for power and smaller amounts for fuel, insurance, etc.

The water fund began the year with a balance of \$5,999.13 and ended 1957 with \$6,390.86 in the bank. Income during the year included \$5,749.26 collections, \$280 for permits and \$35.98 payment for damage to the system. Expenditures totaled \$5,583.51, including \$180.90 for purification, \$1,156.82 for pumping, \$3,359.50 for distribution and \$280.41 general expenses.

**Got Most Of Taxes**

A balance of \$7,125.70 was reported in the general fund at the beginning of the year. Taxes brought in \$7,745.53; permits, \$338; fines \$111; county aid, \$542.45; recreational facilities, \$393.76; sale of property, \$73.33 and refunds, \$294.60. Expenses included \$250 for the (Continued On Page 11)

## Local Woman Files Action For \$175,000

A Gettysburg woman started suit in York County common pleas court Tuesday for \$175,410 damages as the result of the death of her husband in an automobile accident on the Harrisburg-Gettysburg highway near Dillsburg. Attorneys John A. MacPhail, Robert H. Griffith filed the suit on behalf of Elizabeth V. Bream, administratrix of the estate of Mervin U. Bream.

The defendant in the complaint is Peter Waldo Otto, Shamokin. The accident occurred May 29, 1957.

## U.S. To Help Baghdad Allies Help Raise Living Standards

By ARTHUR GAVSHON  
ANKARA, Turkey (AP)—U.S. Secretary of State Dulles reportedly assured the Baghdad Pact allies today the United States will give sympathetic consideration to new financial aid for projects to raise Middle East living standards when present development funds are exhausted.

Senior diplomats attending the conference of Baghdad Pact premiers and foreign ministers emphasized, however, that Dulles gave no firm commitment to make any specific grant.

He took this attitude, they said, despite considerable pressure from the four Moslem member nations of the alliance—Turkey, Iraq, Iran and Pakistan.

Foreign Secretary Selwyn Lloyd of Britain—the pact's fifth member and other source of aid—was said to have advised the Middle Eastern countries similarly that

## COMMISSIONERS GET COMPLAINT ON TWP. ROAD

The Adams County Commissioners this morning heard complaints on road maintenance from a Franklin Township resident but could only offer him advice.

Grove Kuhn of the Buchanan Valley section asked the commissioners to "do something" about the condition of the road leading from near the Tick Tock garage on Mt. Newman across the top of the mountain to the road leading to St. Ignatius Loyola Church.

Kuhn held that the road has been extremely difficult to travel for a number of days, pointing out "while you fellows down here got rain over the weekend we got snow."

He said 2 1/2 inches fell Saturday, more on Sunday and an additional inch Monday.

Kuhn said Fayetteville firemen had difficulty in reaching a minor fire at the Barnes summer cottage, owned by a Mr. Barnes of St. Thomas, and one fire engine skidded into a car during efforts to reach the scene of the blaze.

He also told a story of cars, school buses, etc., skidding. He asked the commissioners to see that the road is properly plowed and cin-

## Announce First Aid Course Opens Feb. 1

Plans for a First Aid Civil Defense disaster training course sponsored by the Gettysburg Parent-Teacher Association in conjunction with the Adams County Red Cross were announced today by the safety committee of the PTA.

The course will be held on ten Wednesday evenings from 7 to 9 o'clock starting February 12 at the Keefeauver School and is open to the general public.

Persons who may wish to take the course may telephone Richard B. Naugle, 38 Barlow St., 218-Y, or if unable to register in advance may simply report at the Keefeauver school at 7 o'clock on February 12. The only cost for the course will be a 77-cent charge for the textbook used in the instruction, Naugle said.

Members of the PTA will be invited to register for the course at their meeting Thursday evening.

## Pays \$50 Fine On Two Code Charges

Henry A. Bass, Baltimore, paid a fine of \$25 and costs before Justice of the Peace Robert P. Snyder today on each of the following charges filed by borough police: reckless driving and leaving the scene of an accident without revealing his identity. Bass was arrested early Tuesday morning after running into the front porch of M. O. Rice, 785 Baltimore St. He was recommitted to jail in default of bail Tuesday.

## Local Student Is Named To Academy

WASHINGTON (AP)—A Drexel Hill, Pa., young man now studying at Gettysburg College is the principal nominee of Sen. Clark (D-Pa.) for admission to the U.S. Naval Academy at Annapolis.

Clark yesterday named Leonard C. Billie, 19, on the basis of competitive examinations conducted by the Civil Service Commission in various parts of Pennsylvania Nov. 4. More than 140 took the examination.

The five alternates named by Clark are, in order: Gerard D. Farrell, 17, Rosemont, Pa.; Stuart C. Bischoff, 18, State College; Francis P. Scher, 17, North Hills; Guy A. Ostertag, 17, Philadelphia, and Paul A. Chapla, 19, Fairless Hills.

## 300 EMPLOYEES ON COUNTY ROLL MAY BE PLACED

Adams County may soon have approximately 300 more "employees" as far as Social Security is concerned.

Harry D. Smith, field representative for the Chambersburg Social Security office, told the Adams County commissioners at their meeting this morning that as far as Social Security regulations are concerned, because of an agreement made between the state and the federal government, election boards, tax collectors, assessors, special deputy sheriffs and those who clean offices rented by the county are "county employees" and the county must pay the federal Social Security tax on their "earnings."

Smith's statement gave the commissioners little choice in the matter. From the general discussion this morning, the decision to be made in two weeks, the probable starting date may be January, 1958, when the present board took office.

A similar starting date was employed recently when a number of court house employees previously not under Social Security were placed under that system.

**Have No Records**

Smith said he brought the matter up because of claims made by three tax collectors in the county, all of whom had received regular commissions from the county over a period of years.

A lengthy discussion followed on how to handle those applications, because the commissioners have no records of the amounts paid the tax collectors. Normal practice was for the county treasurer to pay the (Continued On Page 2)

## Two Speakers For St. James Women

A meeting of the women of St. James Lutheran Church Thursday evening at 7:30 o'clock in the Sunday School chapel will be addressed by two guest speakers.

Mrs. Charles W. Hauser, Harrisburg, vice president of the Pennsylvania Council of Churches, will speak on the place of women in the work of the church and Mrs. Martin L. Tozer, Camp Hill, vice president of the United Lutheran Church Women of the Central Pennsylvania Synod, also will speak briefly and conduct a question and answer period.

The women members of the congregation will have under consideration the adoption of the "unified program" as recommended by the United Lutheran Church in America. Mrs. Henry T. Bream will conduct the devotions. Special music will be offered by Mrs. Robert Shealer and Mrs. Paul Reaser. The Rev. Dr. Paul L. Reaser, pastor of the church, will introduce the speakers.

Refreshments will be served by members of the Mothers' class in the dining hall after the meeting.

## Open Many Courses For Summer School

Courses in nineteen departments will be offered at Gettysburg College is summer school.

The first six weeks term will be held from June 11 to July 19 and the second six weeks term from July 19 to August 29.

The summer school will offer accelerated courses, professional and undergraduate courses for teachers and entering freshman courses.

The college has facilities for a summer school enrollment up to 600 students.

## HINES "OKAYS" DUTCH CUPBOARD

(Photo On Page 3)

The Dutch Cupboard Restaurant, Baltimore St., operated by Mr. and Mrs. S. Lester Scott, has been recommended by Duncan Hines it was announced today. The Duncan Hines sign, a symbol of a "quality restaurant," was displayed Tuesday afternoon for the first time.

Mrs. Scott, who was one of the cooks who served the traditional Dutch Dinners at the Evangelical Reformed Church, Gettysburg, opened the restaurant July 2, 1953.

Schnitz un knepp, one of the most popular dishes at the restaurant, is served here. Mrs. Scott's grandmother made it in Germany. Mrs. Scott says she is a direct descendant of the Fitz family that settled in the Blue Ridge Summit area.

Mr. Scott gave up his coal business in Gettysburg to devote full time to the restaurant.

The three dining rooms are decorated in a color scheme of yellow green and primrose yellow. A collection of trays, molds and coffee pots add to the atmosphere. They were all painted by Mrs. Scott.

Each guest on New Year's Day was given a serving of sauerkraut "so that he would be prosperous and wouldn't go hungry at any time during the year."

## TO SELL EASTER SEALS IN MARCH

The 1958 Easter Seal sale in behalf of crippled children and adults in Adams County will open Thursday, March 6, and will continue through Easter Sunday, April 6. Robert J. McMullin, campaign chairman for the Adams County Society for Crippled Children and Adults, said today.

Easter Seals will be sent to approximately 6,000 homes and business and civic groups throughout the county, McMullin said, and expressed hope for the "most successful Easter Seal sale in history." The county society relies chiefly on the proceeds of the Easter Seal sale for funds with which to carry on its program of service and financial assistance to scores of crippled persons in the county throughout the year.

Locally the contributions will be used to buy braces, corrective shoes, pay for therapy treatments, provide summer camping for crippled children and give help to handicapped countians in many other ways.

"About 90 per cent of the funds raised in Pennsylvania in the Easter Seal sale finances services for crippled children and adults in the state. The remainder goes for a national program of service, education and research," Mr. McMullin said.

The Adams County society will be one of 1,655 units throughout the nation conducting the Easter Seal sale at the same time.

## TO ADDRESS MINISTERS

## BUS DRIVER IS KILLED, 13 ARE INJURED IN PIKE CRASH

EPHRATA, Pa. (AP)—A bus driver was killed and 13 persons injured today when an eastbound bus collided with a large steel-laden tractor-trailer on the Pennsylvania Turnpike.

Police said the Greyhound bus struck the rear of the tractor-trailer seven miles west of the Reading-Lancaster interchange on the toll highway.

The body of the bus driver was jammed in the wrecked bus for an hour after the crash, shortly after 4 a.m.

The bus driver was identified tentatively as James M. Bennett, 36, Merchantville, N. J.

Admitted to Ephrata Community Hospital were: Charles Griess, 44, Beaver Falls, Pa.; Charles G. Guerdalene, 27, Pittsburg; Warren Sadler, 33, Columbus, Ohio; Carl Louis Sparano, 20, Brooklyn, N. Y., and Abram Biegum, 26, Brooklyn, N. Y.

One of the injured was taken to Reading Hospital.

Treated but not admitted were: Joe Smith, 19, Galena, Kan.; Walter Kuhn, 28, Marlin Ferry, Ohio, the truck driver; Clemons A. Funke, 52, Brooklyn; Ann Peoples, 38, Spring Valley, N. Y., and Libby Ann Peoples, 11 months; James H. McArthur, 19, New Jersey, no town listed.

The crash today was the second major accident involving a bus on the Pennsylvania Turnpike this month. Three persons died as the result of the crash of a transcontinental bus on the toll road Jan. 13.

In the earlier crash, the bus skidded on the ice-covered highway near Bedford in Western Pennsylvania, struck a concrete bridge abutment and ripped in half.

## Three Countians Are Serving Aboard U.S. Carrier Roosevelt

Three Adams County men are serving aboard the huge aircraft carrier, USS Franklin D. Roosevelt, but it took 17 months for them to learn the others' identity.

From the left the three men are: Leroy E. Shultz, Edward J. Althoff and John H. Saltzer. Shultz, Edward J. Althoff and John H. Saltzer, son of Mr. and Mrs. B. H. Saltzer, 310 Ridge Ave., an aircraft mechanic aboard with his squadron, VA (AW) 33 which is based at the Naval Air Station, Atlantic City.

The big carrier is part of the Sixth Fleet in the Mediterranean but is expected to return to the states in the early future.

## LOCAL PARISH SUBJECT FOR TORCH TALK

"The Parish Potential — a Twentieth Century Measurement" was the theme for a paper presented Tuesday evening by Rev. Dr. M. Roy Hamsher, Gettysburg R. 2, retired Lutheran minister, at a meeting of the Gettysburg-Adams County Torch Club at Trinity United Church of Christ, S. Stratton St.

Dr. Frank N. Hewetson, president of the club, presided at the dinner meeting attended by 30 members.

A study of the present development of the parish — the basic unit of any Christian church — can give evidence of "what we can expect the church to be in our grandchildren's day," Dr. Hamsher held.

During the twentieth century, the parish relations to foreign missions, to home missionary enterprises, have changed, social welfare and social action have become more and more parish functions, education has been intensified to develop leaders, and "while the spiritual effects are probably the most difficult to gauge," the parish members are showing "through stewardship and devotion a greater understanding of the spirit of worship."

**Hope Is In Native Parishes**

The church has been the source of the modern social revolution, Dr. Hamsher held. The development of the modern social agencies has stemmed from Christian principles and has been based on support by the members of the parishes.

Noting that within the last few years some 700,000,000 people in nine different countries have become independent, Dr. Hamsher held that the hope for those new countries lies in the native parishes within their areas. "American parishes need to help strengthen the native parishes in their work." At the same time, he added, the growth of the native churches can "do much to help American parishes. Already African and Indian church leaders have brought much inspiration and example to American parishes."

## COLLEGE SIGNS NEW INSTRUCTOR

Miss Nancy Kelly, Philadelphia, will instruct in health and physical education at Gettysburg College beginning Saturday. She succeeds Mrs. Faye Whitehead who has resigned.

One of Temple University's leading athletes, Miss Kelly was outstanding as a player in basketball and field hockey. She also played softball and has had experience as a playground director and camp counselor.

Miss Kelly will teach the required courses for freshmen and sophomore women at Gettysburg and coach the junior varsity basketball team. Her extracurricular activities will include supervision of the women's intramural program and as faculty advisor of May Day.

Mrs. Whitehead, a Gettysburg graduate, has been a faculty member for the past two years.

## Pleads Guilty On Four Fraud Counts

Mrs. Margaret B. Sacrist, Columbia, Tuesday afternoon pleaded guilty before Justice of the Peace Robert P. Snyder to false pretense charges based upon loans from four county banks.

Held in Adams County jail in default of bail the 26-year-old mother of five children allegedly secured \$85 each from the People's State Bank of East Berlin, the Gettysburg National Bank, the Biglerville National Bank and the York Springs National Bank by making false statements in securing loans of that amount from each bank.

The charges were filed by state police.

## College Graduate Expires In Office

Percey E. Miller 59, head of the science department of Girard College, collapsed and died Monday in his office. He lived in suburban Wyncote.

Mr. Miller, a member of the faculty for 37 years, also had taught at Temple University night and summer schools. He was graduated from Gettysburg College in 1920 where he was a member of the Sigma Chi Fraternity, and received a master's degree at the University of Pennsylvania. He was a member of the Franklin Institute.

Surviving are his widow, Mary, a son, Donald, and a daughter, Dorris.

## LIBERTY TWP. PAYS OFF DEBT

Liberty Twp. paid off the last of its debt during 1957 and ended the year with \$3,492.96 in the bank, according to the annual auditors' report filed with the county clerk of courts.

Notes maturing during the year totaled \$1,750, the last of the township's debt, and were paid off, the report showed. The township began the year with a balance of \$2,282.41 and had \$12,711.29 in current income including \$3,730.29 taxes, \$150 liquor tax, \$260 fines, \$556 rental of machinery, \$5,804.64 state aid, \$1,124.65 county aid, \$84.38 foreign fire insurance tax and \$1.33 miscellaneous. Expenditures included \$988.69 for general government, \$84.38 for the firemen's relief fund, \$9,073.20 highways, \$571.39 miscellaneous and \$65.64 interest, plus the \$1,750 for paying off the notes.

The township has 345 taxables who pay a \$5 per capita, and there is an eight-mill real estate levy. Outstanding taxes at the end of the year totaled \$1,263.95.

Emory Flohr is chairman of the board of supervisors for the coming year, according to the report. T. J. Vaughn is secretary-treasurer and C. A. Strausbaugh, member. Henry G. Hoke is chairman of the auditors; Samuel S. Buhrman, secretary, and Ira W. McClure, member.

## Orphanage Given \$2,000 Request

The Hoffman Orphanage, near Littlestown, is one of four institutions to receive \$2,000 each from the estate of the late Herman M. Baker, Carlisle merchant, according to a will filed for probate in Cumberland County courthouse at Carlisle.

According to provisions of the will disposing of the unestimated estate, more than \$25,000 was left to a number of institutions and individuals including the Hoffman Orphanage, the Carlisle Hospital, an old folks' home at Hagerstown and the First Reformed Church of Carlisle.

The residue of the estate goes to Baker's widow, Minnie Walters Baker, 612 N. Hanover St., Carlisle, who was also named executrix. Baker died January 22 in a Mechanicsburg Hospital.

## ROTARY HONORS FOR HOSTETTERS

John E. Hostetter, Gettysburg R. 2, president of the Gettysburg Rotary Club, helped his father qualify for an honor conferred Monday evening at the Hanover Rotary Club's meeting at the Lyric Band auditorium there.

O. Irvin Hostetter, Hanover R. 4, was named "Most Rotarian" in recognition of his distinction as the only member of Rotary International with five sons who are also members of Rotary.

Mr. Hostetter, Sr., who observed his 72nd birthday anniversary Sunday, found himself the principal in a "This Is Your Life" program at the Rotary Club meeting during which the five sons and their wives made an appearance at the meeting. All of the sons are members of Rotary in the same classification as their father, farming.

The sons are Oscar L. Hostetter, Thomasville R. 1, farm owner and operator-owner of the York Airport at Thomasville, a member of the York Rotary Club for 14 years; John E., of Gettysburg, a member of the local club for seven years; Irvin H. Hostetter, Thomasville R. 1, member of the West York Rotary Club for seven years; and Armin H. Hostetter, R. 2, and Kenneth R. Hostetter, Hanover R. 4, members of the Hanover club.

Presented at Monday's meeting also was the guest of honor's daughter, Mrs. Kathryn Everhart, Fairfax, Va. Her husband, Reed Everhart, was unable to be present. He is a Rotarian at Fairfax.

## CLUB TO MARK SPECIAL WEEK

Gettysburg's annual observance of National Crime Prevention Week will be held February 9-15 under the sponsorship of the Exchange Club, Carl Prosser, president, announced Tuesday evening at the weekly dinner-meeting at Banker's Restaurant.

Prosser also noted that the theme for this year's campaign is "Strike Crime Before It Strikes You."

Donald Joseph, chairman of the Crime Prevention Week committee, announced that Special Agent Terry R. Anderson of the FBI will speak at the February 11 meeting. Joseph also reminded the club that a special program will be held Monday afternoon, February 10, in a joint assembly at the local high school.

Arthur T. Prasse, commissioner of the Bureau of Correction of Pennsylvania and superintendent of White Hill Industrial School, will be the speaker.

A movie titled "Telephone Courtesy" was shown at Tuesday's meeting.

## MUSIAL SIGNS; \$20,000 EXTRA

ST. LOUIS (AP) — Stan Musial, already the highest-paid baseball player in National League history, signed today and got a raise of around \$20,000 to hike his 1958 salary to nearly \$100,000.

Since 1952 Musial's salary had been \$80,000 a season. The boost made Musial, three times the most valuable player in the National League, the second highest paid player active today.

Ted Williams of the Boston Red Sox received \$100,000 last year and reportedly will get \$125,000 in 1958.

Musial, 37, won his seventh league batting title last year with a .351 mark even though he missed 20 games because of a shoulder injury. The veteran drove in 102 runs, hit 38 doubles and slammed 29 home runs.

Musial is one man August A. Busch Jr., president of the Cardinals, signs personally.

## Pays Official Visit To Post Auxiliary

Mrs. Alice Snyder, York, president of the auxiliary of the 16th District of the Catholic War Veterans, made her official visit to the Auxiliary of the St. Joseph's Post CWV Tuesday evening at Bonneauville. ## JAP WOMAN'S FAMILY PAID \$1,748 BY U. S.

SOMAGAHARA, Japan (AP) — A U. S. Army claims officer today delivered 629,396 yen (\$1,748.32) to the husband and six children of the woman William S. Girard shot to death.

Lt. Col. Joseph L. Haefele, Nocona, Tex., added 604 yen (\$1.40) of his own to bring the payment of "consolation money" to a round 630,000 yen. Then he knelt before a Shinto shrine dedicated to the late Mrs. Naka Sakai and knelt again in the mud to put flowers on her grave.

Akikichi Sakai, the husband of the scrap scavenger Girard killed while on guard duty on an Army firing range, said in accepting the money: "I don't want to receive money at the cost of my wife. However, I think to refuse any longer would go against the sympathy of the people so I hereby receive this money but I do not thank you for it."

"I will spend it for my children's future including education, clothing and food. Also, I will build a tombstone for my wife," Girard, 22, was convicted of manslaughter by a Japanese court given a three-year suspended sentence and sent home to Illinois for discharge. He claimed the killing was a mistake. The court decided he fired on a "childish whim."

## 300 EMPLOYEES

(Continued from Page 1) commissions as the taxes were paid and at the end of the year bill the county for the entire amount and the commissioners paid with one check to the treasurer.

Smith said that "since there are no records all we can do is wait and see." It is possible the commissioners may get a bill from the state for the amount of Social Security due since 1951. If the state has records available on the amounts due since 1951, if the state has records available on the amounts paid the tax collectors.

To Delay Election Pay It was believed that not many such claims may be made because for most officials the time between the present and the date when they reach 65 will give them such coverage that any prior coverage would make negligible changes in their benefits and thus would "probably be forgotten."

Putting the 220 members of the election boards on "social security" will apparently delay the payment of election board members. Up to the present time, the county "paid off" the election boards when they arrived late election night or early the next morning. With social security payments to be computed, the county will probably have to adopt a system of sending out checks to the election board members later, the commissioners observed in discussing the problem.

Commissioner Clerk Crosby N. Hartzell said he will probably send notices to the election boards prior to election containing applications for social security numbers to be sent in by those who do not now have such a number.

Consider Microfilming Representatives of the Addressograph Corporation this morning outlined to the commissioners machinery which, they said, could help expedite and make more accurate the assessment figures. Cost of the machine was listed by them as between \$15,000 and \$16,000.

A report by Atty. Charles W. Wolf indicated that he anticipates having ready for the commissioners by next week details on plans for microfilming of records at the court house. With the details of cost, etc., at hand the commissioners will decide whether to advertise for bids.

EAST LANSING, Mich. (AP) — Three national collegiate championship tournaments will be held at Michigan State this year. They are the table tennis, Feb. 28-March 1; gymnastics, April 11-12, and weight lifting, April 18-19. The gymnastic event is sanctioned by the NCAA.

TEACHERS ARE  
DINNER GUESTS  
OF ROTARIANS

The teachers of the Littlestown Joint School System were guests of the local Rotary Club at a dinner and program Tuesday evening in the social hall of Redeemer's United Church of Christ. Approximately 85 persons were served dinner by the Ladies Aid Society of Redeemer's Church. The invocation was offered by the Rev. David S. Kammerer, Rotarian.

Furman Bailey, assistant superintendent of schools of Lancaster County, was the guest speaker for the occasion. Musical entertainment included instrumental and vocal selections by David and Kenneth Reifsmider and their mother, of Taneytown. The program was arranged by the community service committee, Charles E. Rabenstein, chairman. One visiting Rotarian was in attendance, Harold Reuning, Gettysburg.

The Rotarians will meet next Tuesday, 6:15 p.m., at Scottie's Hotel. Lloyd L. Stavelly, editor of the club bulletin, is in charge of the evening's program.

## Announce Rally Plans

The Methodist Men's Club of Centenary Church held its monthly meeting at the church on Tuesday evening. The opening devotions were conducted by the Rev. Rodney T. Yates, pastor. Thomas Kerns, president, presided and announced that a Methodist Men's rally will be held on March 28 at First Methodist Church, Lewisburg. The guest speaker at the affair will be Leon A. Hickman, vice president of the Aluminum Corporation of America.

Following the business, William R. Keefe, of town, presented a tape recording of Edward R. Murrow's "Hear It Now," which related important events in history over the past years with some of the voices of the people responsible. Refreshments were then served. The group will meet again on Tuesday, February 25.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

**TWENTY-FIVE YEARS AGO**  
Bicycles For Local Firemen:  
Rumors to the effect that all drivers of the Gettysburg fire company will be equipped with bicycles in the near future have grown thick and fast following the two chimney fires Sunday afternoon.

Arthur E. Hutchinson, invariably one of the first drivers to arrive at the engine house, set a new record Sunday in covering the distance between his home on West High street and the fire house.

At the first sound of the siren "Artie" dashed madly out of his home, spied a bicycle sitting along the street, and promptly mounted the vehicle. Firemen claim "Artie" looked like a fresh six-day cyclist as he bore down on the engine house, far outdistancing his fellow fire fighters who eyed his blurred figure enviously as he sped by them.

**Babies Born In Local Hospital**  
Are Footprinted: All babies born at the Annie M. Warner hospital are "footprinted," one set of prints being presented to the parents of the babe and the other set retained at the hospital.

A-bill introduced in the state legislature would make it mandatory for all hospitals to so "finger-print" all newly-born babies.  
"Footprinting" of babies born in the local hospital has been in force for six years.

**Miss Eicholtz Is Retained Head Of Democratic Women:** Miss Edna Eicholtz, North Stratton street, deputy registrar and recorder of Adams county, was re-elected president of the Adams county democratic women's club at the annual election meeting at the court house Friday evening.

Other officers chosen include Mrs. Harvey Bollinger, Gettysburg, vice president; Mrs. John Sheffer, Gettysburg, secretary, and Mrs. Nicholas Redding, Gettysburg, treasurer.

**Woman Juror Becomes Ill When Men Smoke And Chew:** With women serving on several juries in court this week, J. C. Hoke, tipstaff, enforced a new code of conduct for jurymen.

It has always been the custom of jurymen as soon as they enter the juryroom to light cigars, cigarettes and pipes or fill their mouths with tobacco and proceed to make themselves comfortable.

On a certain jury this week was a woman who, while she did not object to smoking, became ill as the deliberations continued and the air in the jury room became blue with smoke.

As the deliberations continued the woman asked to be excused. Coming out in the corridor she explained to Mr. Hoke the cause of her illness.

In no uncertain terms Mr. Hoke told the jurors to have respect for women and refrain from smoking and chewing tobacco for the remainder of their deliberations.

Later another jury with a woman member went to the jury room and Tipstaff Hoke repeated his warning against smoking and chewing. "And I told them that if I caught any of them smoking in there with a woman present I would report them to the judge," Mr. Hoke added.

**Shields-Fox Nuptials Friday:** Miss Eleanor Alice Shields, daughter of Mr. and Mrs. William I. Shields, Water Street, and Robert E. Fox, son of Mr. and Mrs. Emory Fox, Round Top, were married Friday afternoon at the parsonage of St. James Lutheran Church by the Rev. Dr. Earl J. Bowman.

**Arendtsville Claims World's Champion Girl Scorer Is Miss McDannell:** In the town of Arendtsville, ten miles from here, and in the center of the apple growing belt of southeastern Pennsylvania is the chief spruce, basketball and the principal team attraction is the Arendtsville vocational school girls' team.

## Today's Talk

### OUR HUMORISTS

Our humorists are benefactors to us all. How they spice life and give to it an inspired mellowness. How great a debt we owe to such writers as Mark Twain, Will Rogers, Stephen Leacock, Robert Benchley, George Fitch, Walt Mason, Roark Bradford, George Ade, Fred Allen, Bob Hope, Kin Hubbard (Abe Martin), Bill Nye, and a multitude of others. These humorists help to carry us over the rough spots of life, smoothing the pathways and making them less sad. Our friend the circus clown may be full of trouble but he passes none of it to others. He gladdens the life of the kiddies and us grownups!

Many of Mark Twain's years were full of trouble, anxiety, failures and sorrow but he passed none of this on to others. He gave cheer, hope and laughter instead, delighting millions with his gift of humor. Generation after generation will honor and love his courage in the midst of troubles.

An Institution closed its doors when Will Rogers left us all. The humorist never dies. He leaves tracks behind that never become obliterated. How sorely we need our humorists during these days of fear and confusion of mind. Lincoln read Artemus Ward when his breaking point. It gave him spiritual ease and uplift.

There are times when we need the voice of our humorists to give us guidance. They take so many burdens from our heavy laden minds and hearts. They give freshness to life. As to comics, may the "Mutt and Jeff's" never die!

Tomorrow Mr. Adams will talk on the subject: "That Sun Dial"

## Just Folks

### WHEN YOU FROWN

What good did it do  
When you frowned? Let me ask  
Did it help you at all  
To accomplish your task?  
Did it lighten your burden  
Or help you along?  
Did the frown that you wore  
Make a right out of wrong?

What good did it do  
To be grouchy today?  
Did your surly drive  
Any trouble away?  
Did you cover more ground  
Than you usually do  
Because of the frown  
That you carried with you?

If not, what's the use  
Of a frown or a frown,  
If it won't smooth a path  
Or a grim trouble down?  
If it doesn't assist you  
If it isn't worth while,  
Your work may be hard,  
But just do it—and smile.

smart upsets of teams representing schools with enrollments three or four times larger.

And from this little community of less than 1,000 souls has emerged the claim to the national champion girls basketball scorer in the person of Miss Lillian Maureen McDannell, 17-year-old scoring ace forward on the Arendtsville team.

This little tow-headed 130-pound captain of the Arendtsville vocational school girls team has amassed the starting three-year record of more than a point a minute in 35 engagements. Her three years play shows a total 914 points in less than 35 games. This is 219 more points than the combined total of all the opponents whom she had faced.

## RECORD STEEL

### SALES, EARNINGS SHOWN IN 1957

**NEW YORK (P)—**The steel customer these days wants his steel delivered in a hurry and this is evidence some companies are getting low in their inventories, says Roger Blough, chairman of U.S. Steel Corp.

He made that comment yesterday while reporting the nation's largest steel producer experienced record shattering sales and earnings in 1957.

Blough was mildly optimistic at a news conference even though steel operations of his own company now are only around 56 percent of capacity and he didn't expect much change during the first quarter.

But, Blough said, "in the last week or so we've noticed orders are not declining, but if anything are leveling out. In some sectors they are even improving."

**Uncertain About Boost**  
Blough refused to say if the company would increase prices again this year when wages go up July 1. This, he said, was six months away and "we don't know what the competitive situation will be at that time."

The company reported a 1957 net income of \$419,073,722, equal to \$7.33 a share. This compared with \$347,865,120 or \$6.01 a share in 1956, when earnings were cut back by a long steel strike.

Sales in 1957 totaled \$4,413,824,226 compared with \$4,228,877,241 in 1956.

While the year's earnings set a record, there was a considerable falling off in the fourth quarter. Net income for those three months totaled \$90,096,731 or \$1.56 a share compared with \$10,528,839 or \$1.83 a share in the same 1956 months.

Directors declared a dividend of 75 cents a share on the common stock, the same payment as throughout 1957. The dividend will be paid March 10 to stockholders of record Feb. 7.

## Snow, Rain, Zezo Weather Prevail

### By THE ASSOCIATED PRESS

Normal winter time weather prevailed throughout the nation today with light snow in the Northeast, rains in the Pacific Northwest, light rain in the Gulf Coast and some near zero weather in the Dakotas.

While the mercury sank to around the zero mark in an area from Bismarck, N.D., to Watertown, S.D., temperatures elsewhere were above normal levels for this date.

From the Dakotas (except for the frigid area) southward temperatures rose to the 40s near the Gulf Coast and went up to the 50s westward to the Pacific.

New England still had snow with the nighttime fall ranging from 1 to 2 inches.

## STUDY COST OF

### RENTING FARM SHOW BUILDING

**HARRISBURG (P)—**An intensive study got underway today to determine once and for all just how much a day it would cost to open the State Farm Show Arena for sports events.

"There are so many factors to be considered that it is really impossible to quote a hard price now on operation of the plant for sports events," said Deputy Agriculture Secretary Lee A. Bull.

Bull heads a three-member committee which began a study of operating costs aimed at taking the guesswork out of quoting prices for rental of the huge arena.

Even with so many still unknown factors, Bull joins with Agriculture Secretary William L. Henning and others in the conviction the facility could be rented for sports events "at a reasonable price."

**Need GSA Approval**  
But regardless of how cheap the Farm Show Commission finds it can operate, the 7,639 capacity arena, the final OK will still have to come from the General State Authority.

Henning, spurred on by many sports enthusiasts and school officials who would like to see championship high school basketball played in the arena, asked the GSA to spend \$60,000 for a portable basketball floor and other equipment for the arena.

The borrow-to-build agency postponed final action on the request at its meeting Monday pending a further study of the matter.

**\$1,750 A Day Rent**  
Henning said the arena now rents for \$1,750 a day for any events booked.

However, he made it plain that with certain long-term contracts for its use and cutting down expenses in other ways, the facility could probably be rented for as low as \$600 or \$800 a night.

Bull, however, isn't as eager to attach his name to any estimate of cost until he "knows all the facts and has a chance to study them."

Other members of the committee are Dr. Herbert Albrecht, director of the Pennsylvania State University Agricultural Extension, and James Work, a Uniontown member of the Farm Show Commission.

**ZIEGLER SURPRISED**  
HARRISBURG (P)—Mayor Nolan Ziegler has denied any knowledge of a mail campaign on his behalf asking Republican leaders to support him, presumably for the party's gubernatorial nomination.

## Sunbury Had First

### Lighted R. R. Station

**PHILADELPHIA (P)—**The Reading Railroad announced today that its passenger station at Sunbury was the first depot in the world to be lighted electrically.

The station was opened to the public on April 10, 1885.

A spokesman for the Reading said confirmation of this "first" was made by the Pennsylvania Power and Light Co., which took over the Edison Electric Illuminating Co. and its original record books many years ago.

The first bill was for \$14.25 and it went to J. H. Olhausen at Palo Alto, Pa., near Pottsville, where Olhausen had an office of what was then known as the Mahanoy and Susquehanna division of the Reading. Olhausen was division superintendent.

## LONGER HOURS, MORE HOMEWORK

### FACE STUDENTS

#### By LEONARD A. UNGER

**HARRISBURG (P)—**It looks like a lot more homework, less study halls and perhaps even a longer school day for many high school students in Pennsylvania.

And the so-called "snap" course—the delight of lazy seniors with lax parents—may also be on the way out if the thinking of more than 300 educators and citizens is translated into action.

Gov. Leader's blue-ribbon conference on education expressed an overwhelming sentiment against the "snap" courses and called for a greater curriculum change during its first session yesterday.

Dr. Charles H. Boehm, superintendent of Public Instruction, said he felt action may be taken to reduce the number of "easy" courses a student may choose and require him to take more science, mathematics and English.

**Action Is Needed**  
"It would seem on the basis of these preliminary results that action is needed in this field," he told a newsman.

Dr. Boehm told a news conference that science and mathematics questionnaires answered by 275 of the participants indicated possible future action to:

1. Reduce the number of study periods in school and increase the length of the school day to make room for more basic courses like science, mathematics and English.

2. Reduce the pupil choice as to the number and nature of the courses for which he can enroll, "spatially."

## Poor First Half Costly To Warriors Who Lose 57-52 At Shippensburg; Scrubs Bow

A poor second period proved fatal to the Gettysburg High School Warriors Tuesday evening at Shippensburg, the Greyhounds staving off a last half surge by the Warriors to capture a 57-52 South Penn League decision.

The Warriors were outscored 21-8 in the second quarter when the only field goal came from Hardy Nichols and Sid Steinhilber landed 36-20 at half time.

As a result of the loss, eighth in 11 starts, Gettysburg wound up in the cellar during the first half race which came to an end with Tuesday's games. Second half games open next Tuesday.

**Delone Here Friday**  
The Warriors have a non-conference engagement with Delone here Friday evening.

Gettysburg trailed throughout Tuesday evening with the score being tied only once at 2-2 via Earl Little's jump shot following a lay-up by 6-5 Bob Westling. Midway in the first period the Hounds led 10-5 but near the finish the Warriors slashed the margin to 15-12.

Early in the second period Gettysburg pulled to within 17-16 but Shippensburg chalked up eight straight points by Bob Michaels and Westling and went on to its commanding half time advantage.

The poor shooting of the Warriors in the first half began to disappear in the second half with the result the Forneyemen outscored their opponents in both of the last two frames. Little tossed in 10 points in the third period when Gettysburg cut the Hounds' lead to 47-36.

A run of seven straight points in the fourth stanza on three fouls by Bob Furney, two by Little, and a lay-up by Tommy Crist put the locals into contention at 51-45 but Shippensburg fought back to a 57-46 lead before a pair of goals by Sid Heikert sandwiched two fouls tossed by Little to conclude the scoring.

Ken Keefe, nursing a knee injury, was replaced by Tommy Crist in the starting lineup who played a fine defensive game. Keefe saw very little action.

**Little Gets 20**  
Michaels was the top point producer by landing 25 for the Hounds. Little was held to five goals but converted 10 free tosses for 20 points to lead the Warriors.

The Warriors reserves trailed all the way in absorbing a 65-43 setback in the preliminary game.

## NFW'S OWNERS FINISH DRAFT; TALK SCHEDULE

PHILADELPHIA (AP) — National Football League owners today turned to talk of pre-season schedules and player pensions and heard a report from Commissioner Bert Bell on the condition of professional football.

The owners, their coaches and general managers yesterday completed the annual NFL draft of college players. Counting the four rounds of the draft and bonus choice held last Dec. 2, the 12 clubs ran through 30 rounds, selecting 361 players, now all they have to do is go out and sign them.

**Schedule Up First**  
Bell said the first order of business today would be a discussion of the exhibition season schedule. The commissioner said setting of dates for these games was the No. 1 problem involved. However, it seems certain that there will be healthy discussion of a situation whereby the better clubs seek to bypass their weaker colleagues in a favor of lucrative exhibitions against each other.

Just what will result from the scheduled pension conference before a committee of league owners and representatives of the players association is problematical. The players want a pension plan, Bell says, "Fine, if it's feasible." Insurance executives who will attend the meeting are expected to provide an answer.

The players have indicated they are interested in a pension plan similar to that of major league baseball players. This calls for a small contribution from each player with the balance of the money coming from various league activities.

## 'COPTER TAKES IKE TO AIRPORT FOR TRIP WEST

WASHINGTON (AP) — President Eisenhower flew by helicopter from the White House to National Airport today for his trip to Kansas City, Mo., to attend the funeral of his older brother, Arthur. It was Eisenhower's first use of the new service for such a short hop.

The flight enabled Eisenhower to jump over the heavy early morning traffic between the executive mansion and the airport on the Virginia side of the Potomac River.

Secret Service agents flew ahead in an Army helicopter. Eisenhower was aboard a larger Marine Corps craft.

The flight to the airport took 3½ minutes, and Eisenhower was off for Kansas City at 7:56 a.m. He first used the specially assigned whirlybird last year on an experimental basis in the practice Civil Defense alert in which top executives were evacuated from Washington.

### Marine Pilots 'Copter

His helicopter was flown today by Maj. V. D. Olson from the Marine Corps base at Quantico, Va.

In the Eisenhower party were press secretary James C. Hagerty and Maj. Gen. Howard M. Snyder, presidential physician.

For the flight to Kansas City the presidential plane Columbine III was piloted by Lt. Col. William W. Thomas. The regular pilot, Lt. Col. William G. Draper, is taking jet training in preparation for the eventual acquisition of a jet transport to replace the Columbine.

Eisenhower planned to attend private services for his elder brother in the early afternoon, and then fly back to Washington.

Also accompanying the president was his youngest brother, Milton, president of Johns Hopkins University in Baltimore. Mrs. Eisenhower remained here.

## New Yorker Held For Kidnapping

LEWISBURG, Pa. (AP) — A 33-year-old New York state man was held in Northumberland County jail today on charges of kidnapping.

U.S. Commissioner A. Thomas Wilson said the charges were brought against Emery Smith, of Big Flats, N.Y., yesterday. Smith was taken to jail to await trial after he was unable to post \$10,000 bail.

Wilson said Smith forced his way into a car driven by Edward W. Crane, also of Big Flats.

"He was carrying a gun when he entered Crane's car in Big Flats and ordered the man to drive him to Florida," Wilson said.

## NLRB PROBING HERSHEY UNION

HERSHEY, Pa. (AP) — The National Labor Relations Board dug deeper today into the tangled union affiliations of employees of the Hershey Chocolate Corp.

At the same time the company prepared a defense against charges that it interceded with its employees on behalf of the newly chartered AFL-CIO American Bakery and Confectionery Workers Union.

The employees voted last month to switch allegiance from the International Bakery and Confectionery Workers Union, which was expelled earlier in the month from the AFL-CIO, to the ABC. The vote, taken by about half the Hershey local's membership, had only one dissent to the switch.

The Hershey company is holding in escrow union funds until the question of allegiance is settled.

After the hearing concludes today, the question will be submitted to the NLRB for a ruling.

## BELIEVE GAS LEAKS CAUSED 2 EXPLOSIONS

YORK, Pa. (AP) — A three-way investigation continued today in two weekend explosions near here in which a teenage boy was killed. Meanwhile, an official of the York County Gas Co., which is making one of the investigations, said "in all probability" gas leaking from broken lines caused the two explosions.

The first explosion, Saturday night, destroyed the home in Pleasantville of Mr. and Mrs. Charles G. Krout. The next night the brick home of Mr. and Mrs. Henry Elphick in Loganville was leveled. Their son, Fred, 15, was killed.

M. P. Sterner, secretary-treasurer of the utility, said a broken fitting was found in a gas service line leading to the house opposite the Elphicks'.

### Find Broken Line

"The gas evidently found its way under the paved surface of the highway and, following the water service line, entered the Elphick home."

He said a broken gas line was found close by the Krouts' home. The pipe had been bent out of shape, he said, and that apparently contributed to the fracture.

The state fire marshal's office also is investigating the explosions. The State Public Utility Commission entered the case yesterday.

HARRISBURG (AP) — Eight new state liquor stores were opened and 70 others remodeled last year, Patrick E. Kerwin, chairman of the State Liquor Control Board, reported yesterday.

Budget Director Percival F. Brundage, appearing before the

committee yesterday in behalf of the request, ran into a stormy time.

Several senators told him Congress was most unlikely to follow recommendations in the budget for cutting back on such domestic programs as veterans' pensions, public assistance payments and

WASHINGTON (AP) — Two senators said today efforts to raise the national debt limit may be made easier by senatorial doubts over the accuracy of President Eisenhower's budget estimates.

Sen. Edward Martin (Pa.), senior Republican on the finance committee, said many senators fear the revenue will be less and spending higher than Eisenhower predicted in his budget message to Congress.

He said Congress may force more spending than the administration has proposed.

Sen. Byrd (D-Va.), the committee chairman, said he would be more confident in the success of his proposal to limit the increase to three billion dollars if members of his committee trusted the budget figures.

### \$5 Billion Boost

The administration has asked and the House has voted, a five billion dollar increase, to 280 billion dollars, in the debt limit through June 30, 1959.

A compromise plan to include the five billion increase but to limit it to about a year, giving Congress a chance to extend it early next January if necessary, was discussed by the GOP Senate Policy Committee at a closed session yesterday. Sen. Knowland (R-Calif.), the Republican floor leader, said he believed the admini-

## ABA PREXY ASKS EXPANSION OF WORLD COURT

HARRISBURG (AP) — The president of the American Bar Assn today called for expansion of the 13-year-old international court of justice as a means of settling world disputes.

"On the vast new frontier of the international community, disputes previously settled by the bloodshed of a war must be settled by tribunals of justice," Charles S. Rhyme of Washington, declared in a speech prepared for delivery to the opening session of the 62nd annual meeting of the Pennsylvania Bar Assn.

However, Rhyme said the present court as presently operated "is inadequate and needs improvement to make it more acceptable, effective and useful."

### Sit In Other Places

He suggested that the court sit in other places besides the Hague, Netherlands, and that regional branches be established throughout the world.

"I believe that our country has an obligation to assume the leadership in establishing the rule of law

hospital grants, and federal assistance to school districts crowded by U.S. activities, or to shift the cost of some items from the budget to the separate highway trust fund.

## STATE BEGINS FULL STUDY OF CONSTITUTION

HARRISBURG (AP) — Fifteen prominent Pennsylvanians came here today to begin what they promised will be an intensive study of the state's ancient and much criticized constitution.

A special five-member planning committee was expected to present a "plan of action" for the constitution study for which \$50,000 was allocated by the 1957 General Assembly.

The commission is charged with checking into the state's 84-year-old basic law and then coming to the next Legislature in January with a new recommendations it might have for piecemeal or grand style changes.

The power of the commission is merely that of a recommending body.

If the Legislature decides to back any of the recommendations which might be made by the commission, they will first have to pass both houses of two consecutive sessions in the form of proposed amendments and then be approved by a public vote.

The commission also could recommend that a constitutional convention be called for the purpose of rewriting the law. This too would require voter approval.

## C.H. MUSSELMAN EMPLOYEES GET SAFETY AWARDS

One of the final events of the C. H. Musselman Company's 50th Anniversary Celebration was a ceremony held recently at the Bigler-ville plant, during which Musselman employees were presented the highest safety award of the Pennsylvania Manufacturers' Association Casualty Insurance Company for completing 1,201,344 man hours of production between July 30, 1956, and November 10, 1957 without a disabling work injury.

The award, a walnut and stainless steel plaque, was received for the fruit processing company employees by Glenn M. Rider and George F. Martin, safety director and superintendent respectively for Musselman's Biglerville plant, from J. Charles Hoffmaster, assistant manager of the PMA safety engineering department.

**Proud Of Record**  
In accepting the award, Martin said, "This fine record results from the combined efforts of the more than one thousand seasonal and permanent employees of the Bigler-ville plant, and we are especially proud to have achieved this record during 1957, the company's 50th anniversary year." Martin added that "the one million hours worked without a disabling accident represents twenty thousand accident-free hours for each of Musselman's fifty years of operation."

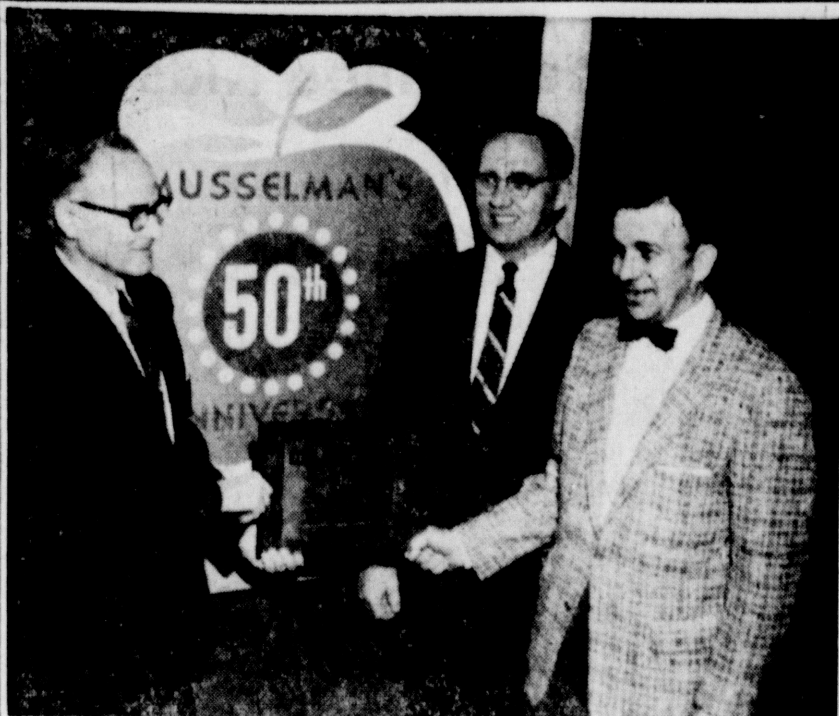

This marks the second consecutive year that the Biglerville plant employees have been honored by PMA for their safety achievements, having been presented the PMA "Certificate Of Merit" safety award last year. The employees of another Musselman Company plant in Gardners also have a history of outstanding safety accomplishments, being cited in 1951 and 1956 for working the entire year without a lost time accident.

**Low Accident Rate**  
Effectiveness of the company's safety program can best be measured by a comparison of the Musselman Company's accident frequency rate of 2.38 with the national average for the preserved and canned foods industry of 10.91 disabling accidents per million man hours worked.

Commenting on the current plant safety record, Rider said, "This is the high point in the company's fifteen year old safety program, which has recently been augmented by a comprehensive safety program for the Musselman farm employees to further reduce on-the-job accident." Rider further pointed out, "In our operations at Musselman's, we are faced with an especially complex safety problem due to the annual influx of seasonal workers, many untrained, necessitating the adoption of various techniques tailored to teach safety to the seasonal employees, as well as year-round personnel."

## Swope Services Conducted Today

Curtis O. Swope, 75, retired farmer and factory worker, who died Monday morning, was buried this afternoon after services at 2 o'clock at the Bender Funeral Home with Jack R. Gardner officiating. Interment was made in the Pines Cemetery, near New Chester.

The pallbearers were Robert, Roy and Charles Swope, Roland McClell, Galen Baker and Mason Allender.  
Mr. Swope, who lived in the vicinity of New Chester for 40 years, had lived in Gettysburg for the last eight years. He resided with a son-in-law and daughter, Mr. and Mrs. Gray McClell, Fourth St.

## Services Are Held For Mrs. Mickey

Funeral services for Mrs. Alice Mickey, 82, widow of William Mickey, a former resident of Adams County for many years, who died Saturday at the Hanover Hospital, were held Tuesday at noon at the Bender Funeral Home here with further services at the Montgomery Brethren Church, near Greencastle, at 2 o'clock. The Rev. Laverne Rohrbach and the Rev. Lester Myers officiated. Interment was made in the Montgomery church cemetery.

The pallbearers were Earl J. Mickey, Jr., Robert Mickey, Jack Mickey, Seymour Kuykendall, Frank and Roy Kuykendall.

## Children In Bed; Bounce Out Window

CORPUS CHRISTI, Tex. (AP)—Jose Quintanilla heard his three small children romping and playing in an upstairs bedroom. The next thing he knew, Quintanilla said, all three were outside screaming.  
He ran outside to find all three had fallen from the window onto a concrete sidewalk. The children apparently were bouncing on a bed and bounced right out the window. Esmeraldo, 4, and Jose, 3, were treated for head injuries. Noe, 2, was unhurt.

## BAR ASKS STUDY OF DEFECTIVES, DELINQUENTS

HARRISBURG (AP)—A suggestion by Pennsylvania's judiciary that more study be given to the problems of defective and delinquent children went before the state administration today.

The suggestions were made among a series of recommendations adopted yesterday at the close of the 10th Judicial Conference here.

Before adjournment, the judges also voted to put their meetings on a biennial basis, with the next scheduled for May, 1960, in Philadelphia.

The judges also expressed resentment at what they feel is a stigma passed on to the small county jurists by delays in the big-city courts. They added that they believe such delays are all the faults of the lawyers, anyhow.

**"Problem" Children**  
The resolutions on so-called "problem" children were presented to the Pennsylvania Council of Juvenile Court judges by a special committee and adopted as part of the conference action.

The resolutions generally urged more facilities be extended to such children. They specifically included a recommendation that the state Welfare Department study whether Huntingdon and Laurelton state schools for defective delinquents are adequate, although noting that it is generally considered that both schools "are doing a good job."

The discussion on the problem of court backlogs specifically mentioned were huge backlogs of accident damage claims in Philadelphia and Allegheny counties.

## WHY MOM, DAD WORRY ABOUT THEIR YOUNG

By DOROTHY V. WHIFFLE, M.D.  
The Associated Press

It was midnight. Jack wasn't home. Mother and Dad were getting anxious. He said he was going to the library; the library closed at 11. Where could the boy be? Jack was 17 and quite able to take care of himself, but he had the car and all sorts of accidents do happen in cars. One o'clock came—still no Jack. One thirty—Jack's parents were frantic. They thought about calling the police. At a quarter of two they heard the car door slam shut and presently Jack sauntered in the front door.

"What, you still up?" he asked in surprise.

Dad's agitation had turned to anger now—anger that this boy had caused him so much anxiety—anger at himself, anger at Jack. "What do you mean, young man, staying out all hours of the night?" he shouted. "Where have you been?"

"Why, Dad, don't get excited. I met Tom and we went over to his place and we've just been chewing the fat..."

"That's a fine story."

**Angry Words**

Jack was angry now. He'd done nothing wrong and it was utterly unreasonable that he should be hauled over the carpet like this.

"Don't believe me if you don't want to, see if I care," And he headed for the kitchen.

Mother had said nothing so far, but she saw both sides.

"John," she said when the boy had left, "Jack is right. You have no business to scold him. He didn't realize we would be worried. He is able to take care of himself and he assumed we'd know that. You go up to bed, John. I'm going to talk to Jack."

Mother went out to the kitchen.

## Freedom Township Auditors Report

The annual report of the auditors of Freedom Twp. has been filed with the county clerk of courts.

The township began the year with a balance of \$2,784.23; current taxes brought in \$1,194.38; prior taxes, \$138.08; liquor tax, \$150; fines, \$140; state aid, \$4,646.20; county aid, \$697.77; and miscellaneous, \$13.04, making a total of \$9,763.87. Expenditures included \$505.48 for general control, \$7,533.20 highways and \$242.25 miscellaneous, a total of \$8,280.88. The balance at the beginning of 1958 was \$1,482.88. The township has a five-mill tax. Garland Lefean is chairman of the board of supervisors; William M. Scott, secretary-treasurer, and Guy L. Gordon, member. The auditors are Clarence J. Waybright, chairman; J. Leslie Bowling, secretary, and Doris Woods, member.

## RETEST ASKED

SAN DIEGO, Calif. (AP)—An elderly motorist was stopped by traffic Officer D. L. Weber for driving down the middle of a one-way street the wrong way.

Weber's report said he asked the man if he could read a "one-way" sign on the next corner and the man answered: "Sure, it says 'wait'." The officer recommended a new driver's license test.

"I'm sorry, Jack, that Dad blew up at you, but you, too, have got to do a bit of understanding."

"Maybe it isn't reasonable that we worry so about you, but the fact is we do. We have faith in you that you aren't doing anything wrong, but we worry lest something happen to you."

"I'm sorry, Mom. I guess I never gave you a thought."

"You said you'd be home around 11. If you had just called up and told us you'd change your plans your aged parents would have gone to bed and to sleep where they belong at this hour."

"O.K. Mom, I'll try and do it next time—and thanks for the swell eats."

## NAME SITES FOR ATOMIC TIPPED NIKE HERCULES

By JOHN A. HARRIS  
WASHINGTON (AP)—The Army has disclosed locations for the first four installations for a new weapon—the atomic-tipped Nike Hercules anti-aircraft missile.

In an announcement last night, the Army said the installations for the new guided missile are due to go into use in June. They will guard the areas of New York, Washington-Baltimore, Chicago and Philadelphia.

Other sources indicated hercules installations also are planned for the Cincinnati area, and for some area of Virginia, presumably in the Tidewater area around Hampton Roads.

The Hercules which has a 100-mile range, will give the nation's defenders the "first operational surface-to-air missile which can use an atomic warhead," the Army announcement said.

**Can Carry Warheads**  
Hercules can carry either a conventional or a nuclear warhead. A conventional airburst has an effective range of a few dozen yards. But a nuclear explosive—depending upon the energy packed into the warhead—can have an effective blast range of up to several miles.

The Army announcement said the Hercules "with its atomic capability could destroy whole formations of planes."

The Army said construction of the four Hercules sites "is the beginning of a nationwide program of converting the Army's surface-to-surface missiles sites to the dual capability of firing both Nike Ajax and Nike Hercules missiles."

**Cost \$15 Million**

The construction cost for a Nike Ajax site is about 1½ million dollars. But the Army said the cost of expanding those facilities to include the Hercules is expected to be only 10 per cent or less of the initial cost of the installation.

The Ajax weapon has a range of about 40 miles, is smaller than Hercules, and carries only a conventional explosive. It is considered a "point" defense weapon for protection of a specific target. The Hercules is an area defense weapon because of its range.

More than 30 areas in the north, northeast and northwest now have Nike Ajax sites.

**DISPOSING OF THE LOOT**

ORANBURG, S. C. (AP)—Thieves know no bounds, apparently. An auto equipment store was broken into here. The only item missing was an ice-cold watermelon taken from a refrigerator and eaten on the spot.

## Property Transfers

The following deeds were filed in the office of register and recorder today:

Elmer A. Snyder, Butler Twp., sold to C. H. Musselman Co., Bigler-ville, 39 acres in Butler Twp. for \$18,000.

John E. and Barbara Ann Snyder, Gettysburg, sold to Fred J. and Darlene V. Kane, Gettysburg, a lot on Sunset Ave., Gettysburg, for \$2,000.

Fred R. and Nellie M. Hill, Hagerstown R. 6, sold to C. Arthur Jr. and Dorothy M. Brame, Straban Twp., property on Baltimore St., Gettysburg, for \$10,500.

## LOCAL STUDENT AWARDED \$150

Miss Mary Pat Arnold, a student at Gettysburg College and daughter of Mr. and Mrs. Walter Arnold, Huntingdon, W. Va., has been granted The Lutheran Youth Leadership Award of \$150 by life insurance society, with headquarters in Minneapolis. Announcement of the award was made by Donald C. Haynes, Hagerstown, general agent.

Recipients of these awards are entering college freshmen selected on the basis of outstanding achievement in school and church activities and scholastic and leadership accomplishments.

The Lutheran Youth Leadership Awards are a part of Lutheran Brotherhood's scholarship program which also includes 45 scholarships of \$300 each to college juniors; 12 scholarships of \$150 each to junior college students; nine scholarships of \$1,000 each to seminary students; and two scholarships of \$500 each to Lutheran graduate nurses.

## YOUNG FILIPINO WAR BRIDE WILL TALK AT TRIAL

By BEN DE FOREST  
FRANKLIN, Pa. (AP)—Dist. Atty. Robert T. Grannis said he might be able to complete his case today against a modest and pretty Filipino war bride, Mrs. Lydia Dean, charged with killing her Air Force sergeant husband.

Grannis said it would all depend on the length of cross-examination of witnesses.

Meanwhile, Defense Atty. Gerald McGill said he expects to call about 25 witnesses, a number of them character witnesses. McGill said Mrs. Dean will testify.

Mrs. Dean, 21-year-old mother of a 3-year-old girl, is on trial for murder in the shooting of her husband, Ronald, 29, at his parents' home in nearby Pleasantville, Pa., last Dec. 7.

State policeman George Dreistadt, who investigated the shooting and took Mrs. Dean into custody, yesterday introduced in evidence the death weapon, a .45-70 caliber deer rifle. Dreistadt also identified a spent brass cartridge case.

He said he found both on the floor of the Dean home within a few feet of Dean's body. He said Mrs. Dean blamed "marital difficulties" for the tragedy.

Dreistadt said he had asked Mrs. Dean what preceded the shooting, and she told him that she had "learned in some way or other he had become involved with another girl in England while he was there."

Sgt. Dean, who met and married Lydia while on duty in her native Philippines, later was reassigned to England. He was slain a few days after he returned home.

Under cross-examination McGill asked Dreistadt if the Dean family had told him that Mrs. Dean's husband had a girl in England pregnant.

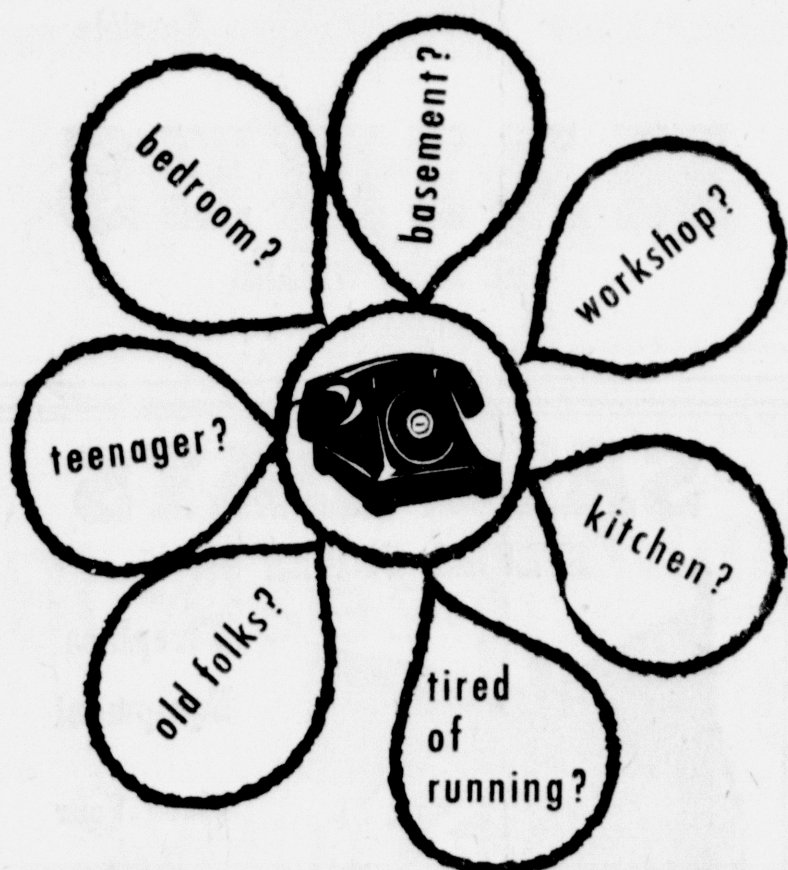

"I didn't find out about that until later," Dreistadt replied.

# Toughest automotive tests of all time prove LOW-COST PLYMOUTH LOOKS, RUNS LIKE NEW—AFTER 58,000 MILES

It's America's biggest automotive value—when you buy it...and when you trade

Dramatic braking test made before top automotive editors. The Plymouth on the right had just completed a 58,000-mile cross-country run. Other tests included acceleration, ride smoothness, gas economy, handling ease. The 58,000-mile veteran performed like new!

One of the Plymouths above is fresh from the assembly line. The other, a veteran of the toughest test run of all time: 58,000 continuous miles in 58 days. A thousand miles a day through 37 states.

We put both of these Plymouths through the same exacting tests. Acceleration. Gas economy. Handling ease. Braking efficiency.

The results: the Plymouth that had driven 58,000 miles—the equivalent of 6 years on the road—could hardly be told from new. Like the new Plymouth, it zoomed from 0 to 40, 40 to 60 in a matter of seconds. In a 40-mph "panic" stop, it halted within 38 inches of the new car. And in the vital area of gas economy,

careful tests proved that the 58,000-mile car delivered almost the exact same mileage as the new Plymouth. It rode with a smoothness and handled with an ease that astounded even veteran test drivers...men who had thought they'd seen everything.

What does it all prove? Just this: from the day you buy it, to the day you trade it in, your new Plymouth will take you to wherever you're going... faster, smoother, easier, safer. You get more value now...and you get more dollars when you trade.

Get your Plymouth dealer's fair appraisal of your present car and see how easy it is to own America's biggest automotive value.

Plymouth stays young and proves it!

## Nebraska Officers Hunt Youth In Six Unexplained Slayings

BENNET, Neb. (AP)—Six brutal unexplained killings—spaced in threes and discovered in a span of 24 hours—spurred an intensive search today for a 19-year-old youth described as kill crazy and his 15-year-old girl friend.

Armed farmers and law officers from all southeast Nebraska sought Charles Starkweather and Caril Fugate, both of Lincoln. Lancaster County Sheriff Merle Karnopp and Lincoln Police Chief Joe Carroll said Starkweather "is the man we want."

**Face Murder Charges**  
Lancaster County Atty. Elmer Scheele said both Charles, 210 pounds and red haired, and Caril would be charged with first-degree murder.

Four of the victims died with rifle bullets in their heads. Another was shot in the head with a shotgun. The other, a 2-year-old child, apparently died of a fractured skull.

One of the two women slain, a 16-year-old girl, had been subjected to "an unnatural sex attack," Scheele said.

**Good Marksman**  
That report led Capt. Dan Casey of the state safety patrol to speculate whether Starkweather might now be traveling alone. He said, "Something could have happened to Caril."

William Fugate, father of Caril, said he hoped officers would "get" Starkweather, even at the risk of his daughter's life.

He said he didn't think his daughter was dead but would "come home as soon as she can make a break."

Starkweather was described as an expert marksman by his brother Rodney. Rodney added that Charles always has been a ready and willing fighter and "always ebot his game in the head."

**Sought Since Monday**  
Starkweather and the girl have been sought since Monday night when three members of Caril's family were found slain at their home in Lincoln.

The teen-age pair had been traced south out of Lincoln. When officers converged on a farm 16 miles southeast where Starkweather's car was found yesterday they discovered three more bodies.

**Bodies In Cellar**  
One victim was August Meyer, 70, bachelor at whose farm Starkweather used to hunt squirrels with his father. The other two, their bodies tossed into a storm cellar at an abandoned school site about a quarter of a mile away,

were Carol King, 16, and Robert Jensen, her 17-year-old high school boy friend. A pool of blood showed they had been shot outside the cave.

All three had been shot in the back of the head, Meyer with a shotgun and the other two with a small-caliber weapon.

The other three victims, Caril Fugate's mother Velda Bartlett, 37, her stepfather Marion Bartlett, 57, and their 2-year-old daughter Betty Jean were found dead at the family home Monday night.

## Rites Monday For Peter N. Lempesis

Funeral services were held Monday at Charleston, S. C., for Peter N. Lempesis, 48, former Gettysburg restaurant operator, who died Saturday at the Charleston hospital where he had been a patient for the last month. He had been ill for about a year and had been "in and out" of the hospital a number of times during that period.

He had come to Gettysburg a number of years ago as a youth and was employed in the Plaza restaurant for many years. Later he established the Hershey Park Inn, and then the Manhattan Restaurant on Chambersburg St., where the Bookmart is now located.

About 15 years ago he sold the Manhattan and moved to Charleston where he opened a restaurant. Surviving are his wife, the former Kathleen Culp of Gettysburg; three children, Pamela, Pano and Kimm, at home; his mother, Mrs. N. P. Lempesis, also of Charleston, S. C., and a number of brothers and sisters including George, in Maryland; John, Harrisburg; Kelly, Guy, Theodore and Happy, all of Charleston; Mrs. Thomas Haley, Myrtle Beach, S. C., and Miss Constance Lempesis, Charleston.

Funeral services from the Creager Funeral Home, Thurmont, Thursday at 1 a.m. with Rev. Samuel A. Moyer officiating. Interment in the United Brethren Cemetery, Thurmont.

Friends may call at the funeral home.

## ADD GLITTER TO ICE CAPADES

HERSHEY, Pa. — The dazzling artistry of the nation's outstanding adagio skaters add glitter to the 18th edition of Ice Capades, coming to Hershey Sports Area, February 13 through 25.

Brooklyn born Phil Romaine and his German born partner, Cathy Steele, formed their partnership just a year ago, after Romaine lost his original partner, Terry

ROMAYNE AND STEELE

Brent, through retirement.

Romaine, incidentally, was introduced to his new skating mate via air mail by a mutual friend. After seeing Cathy's picture, Phil arranged for her to fly over from Germany and begin rehearsals.

Phil and Cathy are unique among ice show performers in that all of their numbers are originally developed as dance routines, then duplicated on the silver blades. This enables them to have an even flowing style with none of the dead spots between lifts and spins that plague so many of the lesser adagio pairs.

As with all Ice Capades performers, Romaine and Steele appear twice, first with the ice to themselves and later as featured performers in the colorful "Salute to George Gershwin," where they are given the benefit of a spectacular production featuring the Ice Capets and the Ice Cadets, the Ice Capades popular skating ensemble.

Romaine and Steele are just one of the 20 starring acts and six production numbers in the John H. Harris frozen spectacle.

## URGED STASSEN TO PUSH WORK ON DISARMAMENT

WASHINGTON (AP)—Georgi Zarubin, Russia's departing ambassador, is reported to have urged Harold Stassen to continue working for a disarmament agreement.

The meeting between the two men—a secret until yesterday— took place Jan. 15 at the State Department, and was said to have been requested by the Soviet envoy. Stassen is the administration's disarmament adviser.

Informed sources said Zarubin's discussion with Stassen apparently reflected continued Soviet interest in some sort of limited arms reduction agreement.

**Wants Progress First**  
Stassen is said to have pressed the Russian for a favorable reply to President Eisenhower's Jan. 12 letter to Soviet Premier Bulganin. The President indicated in that message a willingness to attend an East-West summit conference if preparator; talks on a lower level resulted in real progress on major issues.

Reports that Zarubin invited Stassen to visit the Soviet were denied by the sources disclosing the conversation.

Zarubin left Washington yesterday after five years as Soviet envoy here. He planned to leave New York by ship today.

Zarubin's visit with Stassen — reportedly approved by Secretary of State Dulles—came as Stassen was making a behind-the-scenes effort to get U.S. disarmament policy "liberalized."

WORLD SERVICE  
SUNDAY MARKED  
AT EUB CHURCH

World Service Sunday was celebrated at the Mt. Carmel EUB Church on Sunday at the regular morning service when the guest speaker was Mrs. Glen Haulman, WSWs chairman for the Chambersburg area of the EUB church. Women of the congregation conducted the service. The Rev. Roger L. Burtner is pastor of the church.

Mrs. C. G. Crist served as the leader and Mrs. E. J. Spence gave the invocation. Miss Linda Carbaugh read the scripture and Mrs. George Haines a prayer poem. A prayer hymn was given by Mrs. Ira Naugle. Marie Wetzel led in a responsive prayer. There were also prayers by Mrs. Dale Wetzel and Mrs. William Weigle Jr.

The offering of \$23.92 was received by Mrs. John Gallagher and Miss Carbaugh. Mrs. Crist gave the benediction. The program was arranged by this committee: Mrs. Clyde Baker, chairman; Mrs. Ed Spence, Mrs. George Haines and Miss Carbaugh.

Mrs. C. G. Crist was hostess to the WSWs society of the Mt. Carmel EUB Church at a Bible study at her home on Chambersburg St. on Wednesday evening of last week. The topic for study was "The Lord's Day" with Mrs. Crist as leader. There were eight members present.

After the Bible study refreshments were served and a social hour held. Mrs. Margaret Deardorff is reported seriously ill at her home on Orrianna R. D.

Mrs. Charles Shindelecker and Mrs. Roy Chapman are on the sick list.

Mrs. Aloy Sorenson and sons,

Richard and Norbert, have moved from the John H. Nary property on Orrianna R. D. to the Erman Bucher property on the Orrianna-Cashtown Road, the former John Cook property, which has recently been enlarged and modernized.

Miss Marie Wetzel has resumed her studies at the Millersville State Teachers College after a ten-day stay with her parents, Mr. and Mrs. Dale Wetzel.

Mr. and Mrs. Ornan Rebert have moved from the Rebert Bros. fruit farm near Orrianna to their property in Orrianna, the former Cover property.

Mr. and Mrs. Brady Hill, Chambersburg, were Sunday guests of Mr. and Mrs. Raymond Pepple and son, Lowell.

Mr. and Mrs. John Shulley had with them on Sunday their son-in-law and daughter, Mr. and Mrs. Guy Martz, and son, George, York, and a son and daughter-in-law, Mr. and Mrs. Raymond Shulley, and son, Albert, Charming.

William Rollins returned to Bethlehem, Sunday after a visit with his mother, Mrs. Anne Rollins.

Mr. and Mrs. Calvin Biesecker, son, Charles, and Mrs. Elsie Fishel, Hanover, were weekend visitors with the former's parents, Mr. and Mrs. I. O. Biesecker.

Mr. and Mrs. Dale Wetzel and family will move on Thursday from a fruit farm, Orrianna R. D., to the property they recently purchased from Mrs. Jesse Kane in Cashtown. The Wetzels have resided on the Orrianna R. D. farm since July of 1932, during which time Mr. Wetzel worked for three generations of the large family, namely the late Mrs. Eliza (Spencer) Large, the late Kathryn (Large) McGeorge and Mrs. Elizabeth (McGeorge) Sullivan, present owner of the farm and wife of Donald Sullivan. Mr. Wetzel has secured employment as a farm employee with the C. H. Musselman Co.

SGT. RESAU IS  
GOC SPEAKER  
MONDAY NIGHT

A talk on the Ready Reserve Status was given by T/Sgt. Robert Resau, United States Air Force, of the Baltimore Filter Center, at the monthly meeting of the Ground Observer Corps held on Monday evening in the engine house. Sergeant Resau was introduced to the members by GOC Supervisor Paul E. Hiltbrich Jr. He spoke about the Ready Reserve set up now in effect in Civil Defense. He also showed a movie entitled "Target Baltimore," narrated by Bailey Goss, which showed various types of defense for the city, from the person on the street to the coastal and air defenses of the city. The danger zones in relation to the particular areas of the city were also emphasized.

Mrs. Carroll E. Arter, assistant to the supervisor, spoke concerning the Civic Community Welfare program to be held in connection with the February meeting of the Woman's Community Club of Littlestown and Vicinity on Feb. 26, noting a portion of the program will be devoted to Civil Defense. Mrs. George P. Smith and Kenneth Bucher were assigned to the Ready Reserve roster. LeRoy Moose, secretary-treasurer, gave his report. At the conclusion of the business, refreshments were served by Richard and LeRoy Moose. The GOC will meet again on Monday, Feb. 24.

**75 At Party**  
Approximately 75 Intermediate and Senior Girl Scouts and leaders were present at the monthly party and dance, held on Monday evening in the social room of the Littlestown Eagles Home. The affair is

sponsored by the Aerie lodge, who also provided refreshments for the group. Leaders present were Mrs. Milton Harner, Mrs. G. Richard Knipple, Mrs. John Kump, Mrs. Kenneth K. Kroh, Mrs. Clark Shanefelter and Mrs. John H. Flickinger. The next dance for the Brownie Scouts will take place on Monday, February 10, and for the older girls on Monday, Feb. 24, to 9 p.m.

**Plan "TV Party"**  
"A TV Party" will be the program feature at the January meeting of the Young Men's Bible Class of St. Paul's Lutheran Church on Thursday, 7:30 p.m., at the church. The program is being arranged by Robert B. DeGroff, chairman, Wilbur M. Sentz, Norvell Beaver, Mil-

ton Harner, Ray T. Harner and Robert K. Snyder. The refreshment committee includes Wilson Stair, chairman, James H. Spalding, Aaron Rohrbach, Paul Kump and Luther Hess Jr.

Members of the Starr Bible Class of St. Paul's Church will return their money for the birthday fund at the monthly meeting on Thursday at the church, 7:30 p.m. The hostesses will be Mrs. Maurice C. Wareheim, Mrs. Ralph Conover and Mrs. Alveta Feaser.

Mrs. Oliver Erb and Mrs. Ralph Wantz will be in charge of the program at the January meeting of the Ladies' Aid Society of St. John's Lutheran Church at 7:30 p.m. Thursday in the church social hall. Refreshments will be served by Mrs.

Sterling J. Wisotzky, Mrs. David Erb and Mrs. Noah Strevig.

**Returns To College**  
The Ladies' Aid Society of Grace Lutheran Church, Two Taverns, will meet in the parish hall on Thursday, 7:30 p.m. Mrs. Charles Trosle and Mrs. Catherine Straley are co-hostesses.

Weekly prayer meeting will be held in the Assembly of God Church at 7:45 p.m., tomorrow.

Miss Frances Miller, a student at the Millersville State Teachers' College, has returned there after spending the semester vacation at the home of her mother, Mrs. Minnie S. Miller, W. King St.

## SECOND BANK FOR SUNBURY IS OVERSUBSCRIBED

SUNBURY, Pa. (P) — A public subscription to open a new bank here has been oversubscribed by \$60,000, an official announced today, and articles of incorporation will be filed in Harrisburg tomorrow.

Roger S. Haddon, local attorney who will be solicitor of the new bank, said the subscription campaign, which opened 29 days ago, has reached \$585,000, well over the planned capitalization of \$525,000.

The new bank, to be named the Sunbury Valley Bank and Trust Co., is only the fourth to be organized under the state banking code in the 25 years since the adoption of modern banking laws, Haddon said.

It is believed the public subscription, which attracted 670 shareholders at \$21 a share, set a new record in the state for public participation in a bank's organization, he added.

**Has Only One Bank**

The law requires a minimum 30-days' waiting period before the bank can receive authorization from the Department of Banking to begin business.

Sunbury, with a population over 15,000, has had only one bank for about a quarter of a century.

The movement for a publicly subscribed new bank reached a head last Oct. 31 when 14 business and professional men were selected as incorporators at a general public meeting.

The president of the bank will be Sterling L. Wandell, executive vice president and cashier of the Farmers and Mechanics National Bank at Woodbury, N.J., until last Oct. 1 and a Wilkes-Barre, Pa., native. He previously served as president of the First National Bank at Wilkes-Barre, Pa.

**Prison Escapee Is Shot To Death**

PHILADELPHIA (P) — A young man was shot to death in suburban Drexel Hill last night as police said he tried to evade capture and return to prison.

He was identified as Leonard Minor, 20, of Drexel Hill, who escaped last Saturday from the Broadmeadows Prison Farm in Delaware County, where he had been serving a 2½ to 5-year sentence for burglary.

Minor was shot as he struggled with two Upper Darby policemen

## Identify Blood In Defendant's Auto

HOLLIDAYSBURG, Pa. (P) — A Pennsylvania State University state chemistry professor says blood found in a car owned by Glenn A. Leamer of Hollidaysburg matched the blood type of Leamer's elderly grandfather.

Dr. Mary L. Willard gave that testimony yesterday in Blair County Criminal Court where Leamer is being re-tried for the bludgeoning of his grandfather, Samuel J. Leamer, 92, of Frankstown.

The state contends Leamer slugged the elder Leamer with a lead pipe during a robbery attempt at the latter's home in November, 1955.

Another commonwealth witness, Dr. George J. Heid Jr., an Altoona pathologist, testified an autopsy revealed eight major lacerations of the victim's head.

Leamer, 33, once convicted and condemned for the murder of his grandfather, has pleaded innocent at his new trial.

## LEADERS TALK GOP POLITICS

HARRISBURG (P) — Sen. M. Harvey Taylor, veteran Republican leader, and James F. Malone, president of the Pennsylvania Manufacturers' Assn., talked politics last night but Taylor commented afterwards "nothing was settled."

Malone said he and the president pro tempore of the State Senate agreed on the need of avoiding a primary fight to enhance the prospects of the GOP ticket in the November election.

Malone added that neither brought up candidates.

Aud. Gen. Charles C. Smith said, in another political development, he believes "Republicans have more to offer than the Democrats but I think the Republican party has failed" in its position on labor, minority groups, youth and women.

Smith, a potential candidate for the Republican nomination for governor, made the statement in an interview with the Patriot-News, which has been getting views of political leaders of both parties on the outlook for the 1958 political campaign.

Outside the home of a companion, Carol Bishop, 16, police said they had been called by Lt. Col. John Bishop, the girl's father, after he learned she was out on a date with Minor.

## MOVE TO BREAK SEGREGATION IN HOUSING PLANS

BUCK HILL FALLS, Pa. (P) — Protestant church organizations with a stated membership of 16 million are planning programs in three cities to develop public opinion favorable to desegregation in housing.

The Rev. Dr. Ray Gibbons of New York said yesterday five denominations plan to raise \$175,000 for the project to be conducted in still undetermined cities.

Dr. Gibbons, director of the Council for Social Action of the Congregational Christian Church, said the cities will fall into three population groups: 10,000-50,000, 100,000-300,000 and a metropolitan center of more than a million population.

All five denominations participating will seek to persuade their members to work for desegregated housing and racially integrated churches, Dr. Gibbons said.

**Many Back Effort**

Pledged to work for desegregation in housing, according to Dr. Gibbons, are: the Council on Christian Social Progress of the American Baptist Convention; the Department of Social Welfare of the United Christian Missionary Society (Disciples of Christ); Board of Social and Economic Relations of the Methodist Education and Action of the Presbyterian Church U.S.A.; and the Council for Christian Social Action of the United Church of Christ.

The United Church is the merged body of the Congregational Christian and the Evangelical and Reformed churches. Some of its component units, like the Council of Social Action, still operate independently.

## U.S. To Help

(Continued from Page 1)

the Western nations and their Moslem allies, who have been pushing hard for definite promises of help for projects they claim have underlying strategic value to the West. These include development of a modernized system of civil communications and the meshing together of the economies of the Moslem nations.

The Baghdad alliance, as a whole, has approved at least seven specific projects for the economic development of the area ranging from irrigation to communications. The cost of these would exceed 350 million dollars.

The initial American contribution for their basic development—including survey work and manpower costs—runs to about 13 million dollars. Britain's slice is around five million, spread over a period.

The Moslem countries have allocated small amounts themselves. Thus there is a huge gap to bridge. Moslem members had built up hopes that Dulles would dramatize his attendance at the meeting by announcement of spectacular new grants.

Moslem leaders seeking big new Western grants contended that unless they were forthcoming to them as members of the Baghdad Pact, rival Russian offers to so-called uncommitted nations in the area would make their own positions at home difficult.

The Baghdad allies set up a combined military planning staff which could serve as a forerunner for a unified command in the Middle East along NATO lines.

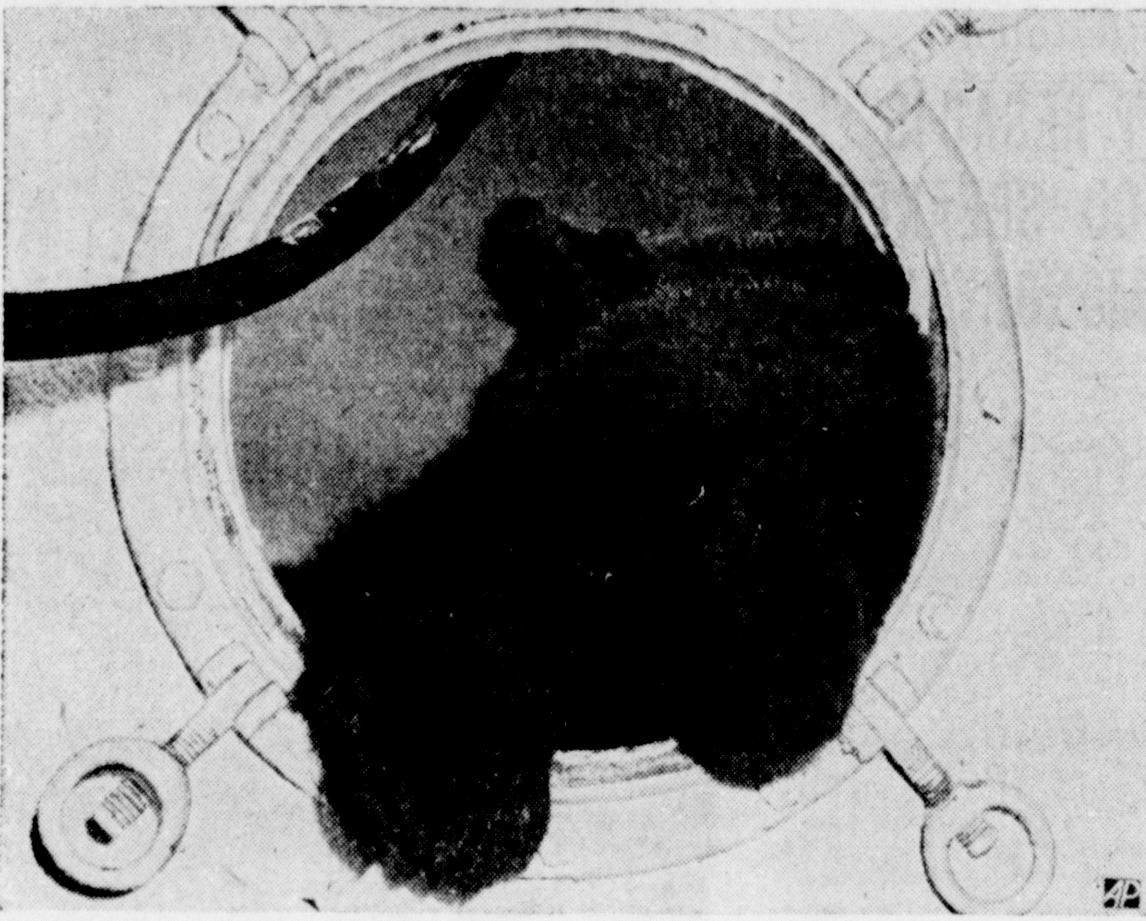

## LANCASTER LIVESTOCK

LANCASTER, Pa. (P) — Cattle 350, good slaughter steers 24.25-25.25, stockers and feeders 22.50-24.00. Calves 125, good and choice 28.50-34.00, prime 34.50-38.00. Hogs 125, bulk of sales 20.50-21.00. Sheep 25, no market.

HARRISBURG (P) — The Pennsylvania Bar Assn. today selected Gustav L. Schramm, president judge of the Juvenile Court of Allegheny County, for its 1958 Distinguished Service Award.

The award will be presented to Judge Schramm at the association's summer meeting at Spring Lake, N.J.

## BRITISH YOUTH QUILTS PLAN TO FLY IN SPUTNIK

MICKLEOVER, England (P) —

Having thought the matter over at some length, 13-year-old Lloyd Lee has abandoned his dream of becoming the world's first Sputnik boy. What business has a chap got in outer space when he swoons at sea level?

It is hoped the Russians can take a joke. In any case the Soviet Embassy in London may as well ignore Lloyd's letter of Jan.

21 offering to man (or boy) a Sputnik for them. He is no longer available, and he wasn't very available to begin with.

Lloyd is a student at the Queen Elizabeth Grammar School, where recently a rumor went the rounds that the Soviet Union stands ready to fork out \$140,000 a head for Sputnik skippers.

**Offers Services To Reds**

Lloyd, an imaginative, curly-haired little fellow, fired off a letter of acceptance to the embassy in London.

Two days ago Lloyd received a letter headed "Russian Embassy" and typed in red, yet. It advised him that he had been chosen as a prospective Sputnik jockey and added: "You will be required to do some training in Siberia. Our

agents will be contacting you within the next few days to take you away for training."

At this point it became obvious that Lloyd was far short of starting condition for a space flight—he fainted.

**Only A Hoax**

"I was frightened out of my wits," his mother said later. She summoned his father home from work to guard Lloyd from the Red press gangs, locked all the doors and windows, and telephoned the police.

A detective assigned to the case reported after an inquiry that notepaper of the kind used in the letter to Lloyd had been found in a certain upper class desk at Queen Elizabeth Grammar School. More conclusive still, certain up-

NEWPORT NEWS, Va. (P) — The Newport News Shipbuilding and Dry Dock Company, builder of many naval vessels, is installing the biggest propeller in its history on a yet unnamed 60,000-ton tanker. It is 24 feet in diameter and weighs 73,000 pounds.

**TO THE CLEANERS**

DENVER (P) — A cleaning company employee found five \$100 bills in the pocket of a man's suit left by a customer. He telephoned the man's house and got the wife. She seemed amazed, but lost no time in rushing down to the cleaner's and collecting the \$500.

per classmen confessed writing the letter.

Mrs. Lee, greatly relieved, told a reporter: "Lloyd no longer wishes to be a spaceman. He now wants to join the merchant navy." The Soviet Embassy so far has had no comment.

## Portion Of Town's Records Is Stolen

SCITUATE, Mass. (P) — The big question at the town hall is who tore an entire section out of the newly bound copy of the 1952-55 town reports, and why?

The town has bound copies of all the reports from about 1850 on, available for inspection at the selectmen's office.

The loss was discovered when the town counsel attempted to look up something concerning the March 1952 town meeting.

## Saroyan Ready To Stage His New Play

NEW YORK (P) — William Saroyan, back on Broadway this season with his first new play in 14 years, has another ready now for staging. Saroyan, whose "The Cave Dwellers" received high critical praise, has turned over "Here I Am" to producer Roger Stevens, for probable exhibit next fall.

The highway aid fund showed it began the year with balance of \$143.77. State aid totaling \$1,603.93 was received and \$796.44 was spent, leaving a balance of \$807.49.

The report shows that \$7,745.53 was collected on the 12-mill tax rate and \$170.34 was outstanding in taxes at the end of the year.

The auditors were D. Earl Wagner, Laverne Burgard and E. R. Altland.

**2 Denied Law**  
**Dope Raid Bail**

CAMDEN, N.J. (AP)—Two men accused of being leaders of a dope peddling ring uncovered in raids in southern New Jersey and New York were refused lower bail yesterday and ordered held for the grand jury.

U. S. Commissioner Charles H. Rudd continued bail for Peter Casella, 50, at \$125,000 and for James Santore, 43, at \$100,000 after Asst. U.S. Atty. Charles Nugent termed the two Philadelphia ring leaders.

Rudd reduced the bail of Nicholas Serian, 43, owner of the Tumble Inn at Vineland, from \$100,000 to \$50,000 and ordered him held for a further hearings.

Rudd reduced the bail of James Simmons Sr., of the King Cole Motel, Williamstown, from \$100,000 to \$75,000 and that of Frank Malfi, 41, Philadelphia, to the same level. They were held for the grand jury.

Also held for the grand jury, without reduction in bail, were Mrs. Marion D. Medley, 33, \$50,000, and John G. Marlon, 30, \$75,000. Both are from Philadelphia.

All were charged with possession and sale of narcotics.

**Disciplinary Action**  
**For Rebellious Cons**

DEER LODGE, Mont. (AP)—Calm returned to the Montana State Prison today, but officials took disciplinary action to insure rebellious convicts will return to a normal routine.

"They're being denied all privileges until they're ready to go back to work," Warden Fay O. Burrell said. The indications are the 275 inmates who took part in a 30-hour demonstration were resolved to do that, he said.

Except for three years as a lieutenant commander in the Navy, Ed Jeremiah has been Dartmouth hockey coach since 1937.

## HIGH LEVEL HURRICANE DELAYS TEST AT CANAVERAL

CAPE CANAVERAL, Fla. (AP)—Hurricane-force winds in upper altitudes made uncertain today the time when the Army will fire its Jupiter-C satellite launching vehicle.

The Air Force Weather Central reported high-level winds of 140 miles an hour. Winds of such velocity could topple the rocket.

## James MARLOW Reports

The Associated Press

WASHINGTON (AP)—The summit conference idea was getting no-

where. Then President Eisenhower's press secretary, James Hagerty, got into the act. So did Communist party boss Nikita Khrushchev. The result: The idea is still getting nowhere.

This country and Russia have agreed in a general way that a summit conference is a nice idea. They don't agree on how to go about it.

Eisenhower and Secretary of State Dulles take this position: because of all that could be discussed, there's no sense in a sum-

mit meeting until there are preparations on what should be discussed.

### Not Flatly Rejected

The Russians haven't flatly rejected that. But they seem to be saying: Preliminaries aren't necessary; just let's get together and start talking right at the top.

Russian Premier Bulganin, in a December letter to Eisenhower, didn't go into details on how to have a summit get-together. He just said there ought to be one. Then he wrote another letter to Eisenhower Jan. 9. This time he expressed doubt that the American and Russian foreign ministers would ever agree if they met first to decide what should be discussed at the summit.

### Gave U.S. An Out

The next day Dulles called for presummit preparations. He didn't say only the foreign ministers could make them. He said foreign ministers could, or diplomats could, or both could do it. And he added something to give this country an out if it didn't like the way the preparations for the summit went. He said there should be "reasonable assurance" a summit meeting would "accomplish some desirable results."

Eisenhower answered Bulganin's first letter Jan. 12. Like Dulles, he called for presummit preparations. He went a little further than Dulles in his idea of preparations. He said both diplomats and foreign ministers should work them out.

He included the same kind of out as Dulles; he said through the preparations it could be seen whether the summit meeting would be worthwhile. Up to this point the waters, while not going anywhere, were fairly calm.

Then Khrushchev sounded off Jan. 26. He appeared to be telling this country that if it expected any kind of worthwhile summit conference it would have to be on Russian terms.

He said Russia would discuss — he didn't say agree on — a ban on intercontinental missiles (a suggestion by Eisenhower to Bulganin) only as part of a package that included discussion on points this country has never yet agreed to.

That same day, Jan. 26, Hagerty appeared on a TV press interview. He said the diplomats and foreign ministers should meet before a summit conference. But he said they didn't have to agree on anything except what would be discussed at the summit.

Hagerty didn't stress the out-

both Eisenhower and Dulles gave themselves if the preparations didn't look good—their reservation that before going to a summit conference they wanted to feel sure it would do some good. But Hagerty said later he didn't mean to go beyond anything Eisenhower had mentioned.

Khrushchev opened up again Jan. 27. He made a summit conference look easy. He said East and West could start talking about simple things and work up to the tougher ones. He didn't say anything about preparations.

A State Department spokesman knocked Khrushchev's idea on the head. This country, he said, sticks to the view there must be preparations.

### MAY IGNORE OATH

HARRISBURG (AP)—Candidates for U. S. senator or representative need not take the Pennsylvania Loyalty Oath, the State Justice Department has ruled.

In an opinion written at the request of James A. Finnegan, secretary of the commonwealth, Deputy Atty. Gen. Joseph L. Donnelly said the act requiring candidates for public office to take the oath applies only to state, district, county, or local offices.

DEMING, N. M. (AP)—At the recent Tri-State Fair here, seven-year-old Tommy Franklin Brdecko showed the grand champion lamb. He is the son of Tommy Brdecko, who raised the first grand champion lamb ever exhibited at the fair.

# Hundreds Of Merchandise Bargains Are Available On Friday, Saturday

## Merchants Announce Plenty Of "Good Buys" In Display Advertisements In Times

Gettysburg merchants today announce, in display advertisements in this edition of The Gettysburg Times, a portion of the hundreds of bargains they will have available to thrifty shoppers during the semi-annual "Sale Days" Friday and Saturday.

In addition to the outstanding bargains offered, the merchants will also present merchandise certificates totaling \$645 in value to 86 of the persons who visit the stores during the two-day period.

Each of the 43 merchants cooperating in the event will give away a \$10 merchandise certificate and a \$5 certificate to fortunate customers.

### Draw Saturday Night

Drawing for the winners will be made by each merchant in his own store at 9 o'clock Saturday evening. As customary, the customers need not be present to win.

Announcement of the winners will be made over WGET at 8:05 Sunday evening.

The local merchants hold special sale days twice a year; once in the winter and the other in the summer, "as a way of expressing our thanks to our customers for their patronage during the year," one merchant noted.

The thousands of articles which will be specially priced for the Sale Days will range from clothing to shoes to jewelry to automotive equipment to home appliances. "Just about everything needed for the home or by the individual will be on sale here Friday and Saturday," one merchant said.

Stores will be open to 9 o'clock both nights, Friday and Saturday, to permit customers to take advantage of the outstanding bargains offered.

### The list of participating merchants follows:

Adams County Electric Appliance Co., Anna Bierer Specialty Shop, Baker's Battery Service, Bender's Cut-Rate Store, Blocher's, Bix-Sway Boys' Shop, Benn's, Britcher & Bender Drug Store, The Coffman-Fisher Co., Dougherty and Hartley, W. T. Grant Co., Hershey's Tailor Shop, High Fidelity Center, Jack and Jill Shoppe, Jacobs Brothers, K. & W. Tire Co., LeVan's Fashions, Martin's Shoe Store, Modern Miss Shop, G. C. Murphy Co., Peoples Drug Store, Pitzer's Men's Wear, Raymond Home Furnishings.

Rea & Derick, Inc., Drug Store, Redding's Supply Store, Rose-Ann Shoppe, Royal Jewelers, Schmitt's Interior Decorations, Service Supply Co., Sherman's, Shuman's, The Shoe Box, N. O. Sixeas, Thompson's, Tobey's, Tot 'n Teen Shop, Virginia M. Myers, Weishaar Bros., Wentz's, Wisotzkey's Shoe Store, Wolf's Pastry Shop, Wolf Supply Co., Zerfing's.

## DECLARES HIS COURT MARTIAL WAS ILLEGAL

LEWISBURG, Pa. (AP)—U.S. District Court here Tuesday considered a federal prisoner's plea that he was wrongfully tried before an Army court martial in France for slaying his wife.

Robert H. Grisham, 47, of Nashville, Tenn., a prisoner at the federal penitentiary here, contended the Army did not have jurisdiction over him because he was a government civilian employee and not military personnel. He filed a habeas corpus petition with Judge Frederick V. Pollner yesterday.

Grisham was charged with killing his wife in their apartment at Orleans, France, the night of Dec. 6, 1952.

He was subsequently convicted on a charge of unpremeditated murder and sentenced to life imprisonment at hard labor. The sentence was later reduced to 35d years.

### Cites Court Decision

Charles W. Kalp, Lewisburg, counsel for Grisham, contended recent U.S. Supreme Court decisions have ruled the Army does not have jurisdiction over civilians at foreign bases.

In other action these men were arraigned:

James Curtis McKinney and John Lewis Hendrickson, inmates of the Lewisburg penitentiary, pleaded innocent to charges of escape and theft at the prison.

Earl E. Gramling and Wilbur R. Weld, both of Williamsport, pleaded guilty to charges of taking \$150 from letters at the Williamsport post office where they were employees.

Joseph N. Russo, a Lewisburg inmate, pleaded guilty to charges of attempting to bribe a federal

## MRS. DOUGM'KAY WRITES MEMOIRS FOR POSTERITY

WASHINGTON (AP)—Mrs. Douglas MacKay hopes to preserve for her seven grandchildren and posterity the everyday happenings as well as the highlights of her experiences as wife of a former Cabinet member and state governor.

Back in the capital where her husband is now serving as chairman of the International Joint Commission, Mrs. Kay says she has begun to write her memoirs.

MacKay, four years governor of Oregon, resigned as secretary of the interior in 1956 to wage a losing battle with Democrat Wayne Morse for a seat in the U. S. Senate.

One gathers that the somewhat retiring, home-loving Mrs. MacKay would just as soon have stayed in Salem in the big 10-room mansion she had been "refreshing up" and settling back in after her husband's defeat.

### Wanted To Stay Home

"I'm 61 and I was beginning to realize I'd better enjoy my family," she told me. "Our two daughters and their families live out there and I'd have given my eye teeth to stay. However, I'm glad Douglas had a definite recognition from the President in this appointment."

In the interim between the 1956 election and their return to Washington last fall, the McKays had been busy redoing their home, giving special attention to finding a place for the hundreds of mementos of their public life — souvenirs, medals, plaques, autographed photographs — in their recreation room.

"I find I'm involved in the same whirl now as when I was a Cabinet wife," Mrs. MacKay said. "I'm not sitting at a luncheon table every day or pouring tea, or sitting at a banquet table night after night as when Douglas was governor."

### Starting Memoirs

Besides starting on her memoirs, she says she now also finds time to work on her intricate and exquisitely designed needlepoint records — listing names, birthdates and other details of each grandchild — similar to the wedding records she says she made for her daughters.

"I still have official social obligations," she said, "and I still keep up with my angel food cake-baking. I've averaged about one of these 12-egg, hand-beaten cakes a week, or between 50 and 60 a year for 34 years. I wish I had a dollar for every one I've made."

## Stamp News

By SYD KRONISH  
The Associated Press

Since this year marks the 10th anniversary of its first postage stamp, Israel has announced a "festive philatelic program" for 1958.

The first issue is the 500-pruta Maccabiah stamp. It was released to honor the 25th anniversary of the Maccabiah Games.

The long awaited Merchant Marine series is next on the agenda. The designs show various ships that plied the world's waters for Israel down through the years.

Scheduled for April will be a honoring the 10th anniversary. It will be of 400-pruta value.

Other issues being planned are: a stamp honoring the first International Congress of Jewish Youth, a special issue commemorating the arrival of the millionth migrant to Israel, the traditional festival series, and a stamp paying homage to the United Nations.

This report was received through the Israel Philatelic Agency in America.

The Philippines have overprinted two stamps to honor the inauguration of President-elect Carlos P. Garcia and Vice President-elect Diosdado Macapagal. The 10-centavo Father Burgos stamp and the 20-c Lapu-Lapu stamp were the overprinted and revalued issues.

The current issue of "Topical Time," the journal of the American Topical Collectors Assn., reveals the pressure of the International Geophysical Year and the advent of the satellite program. A space satellite unit has been formed for those who plan to collect stamps on that theme.

Egypt has issued two new stamps honoring the 25th anniversary of the Egyptian Air Force and the Egyptian Airlines. The Soviet influence is definitely felt on these adhesives since the Air Force stamp depicts MIG fighters and Ilushin bombers.

**STAMP NOTES.** Nationalist China has honored the first anniversary of its Cross Island Highway construction by issuing two new stamps. . . France has issued seven new stamps in the tourism series. . . Liechtenstein's Christmas set contained three stamps illustrating chapels and shrines. . . Turkey has issued four new stamps commemorating the 100th anniversary of its forestry schools.

# NEW LITERARY REVIEW AIMS AT YOUNG WRITERS

By EUGENE LEVIN

ROME (AP) — Out of Rome's "Street of the Dark Shops" comes a literary review training a beam of light on the work of the world's blossoming young writers.

What does that light reveal? The new generation of writers are not experimenting with language, they are refining it.

The United States has a large and varied share of the world's writing talent.

These are two of the observations of the editors of "Botteghe Oscure," a uncommon literary review with an international flavor so strong a single issue may contain four languages.

The review, which appears twice each year, has earned an excellent reputation during its 10-year history. Its editor, founder and main financial-backer is Princess Marguerite Caetani of Rome, American wife of an Italian nobleman. The review's headquarters are in the Caetani family palace on Rome's 2,200-year-old Via delle Botteghe Oscure, or "Street of the Dark Shops."

Offices in Palace

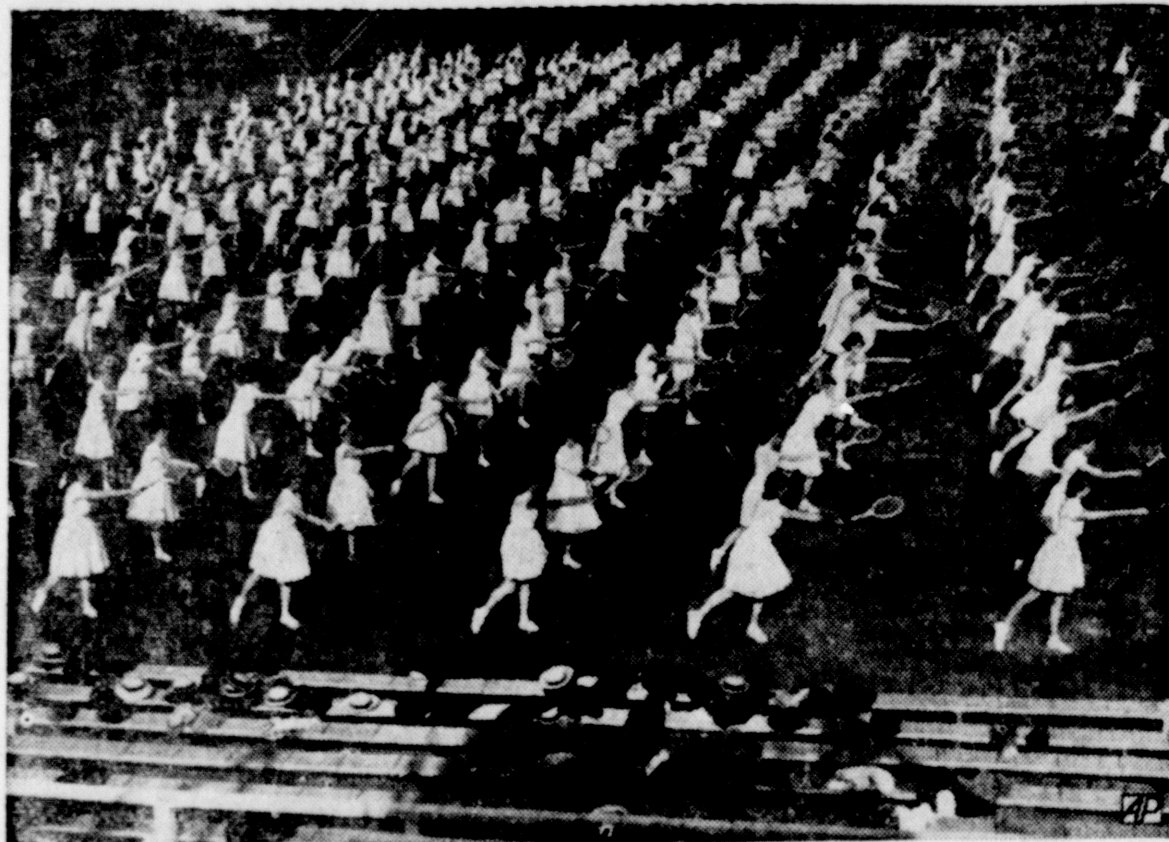

"Botteghe Oscure" publishes poetry and fiction, usually in the writers' own languages. Unlike many literary reviews, it carries only creative work and no criticism.

But in an interview Princess Caetani provided some critical comments on the work of the young writers around the world who contribute.

The princess, who was born Marguerite Chapin 76 years ago in New London, Conn., said these new writers do not seem to engage in much experimentation with language, as Joyce did.

"Instead, they appear to be trying to consolidate and refine the use of the written word."

"From America comes work that appears to be more lively, more varied, more original than what is produced in Europe," she said.

TENNIS FOR EVERYONE — School children are visible proof of the popularity of tennis in Australia as they put on giant exhibition of tennis strokes in a Sydney stadium.

"Perhaps it is because the United States is so much bigger, so much more diversified.

Less Variety With British

"There is quality in the writing of young British writers, but less variety than we find in the Americans.

"The French have come up with relatively little. We have found many interesting, accomplished writers and poets whom we have published. . . . But on the whole current French writing is not so exciting. There are too many prizes. People there are writing to win prizes. They write alike. They all write about Paris."

And what do the young writers write about?

"Mostly about people," said Eugene Walter, a writer from Mobile, Ala., who has been a chief editorial assistant to the princess since 1950.

"What's the world all about? What's coming next? What do we do next? These are the questions young writers of today pose," said Walter. "Before World War II the questions were: What do we say

next? How do we say it?"

Princess Caetani said that "rather astonishingly" there was no mention in today's young writing of the atomic bomb, or the cold war, or other current topics in the same way as young writers in the 1930s treated such themes as nazism and fascism, depression and approaching war.

Walter's explanation: "The realistic writers of the 1930s were dealing with current problems and impending disaster. Then the disaster came. The crisis has remained. It is a disaster and crisis of such tremendous size, of such unknown qualities, that writers today — young and old — cannot deal with it. They need detachment and perspective, which are not possible now."

Therefore, in their search to grasp the meaning of the world today, Walter said, writers deal with people and write about how people react to events, rather than writing about the events themselves.

Have the young writers come up

## Police Woman Is Slow On Draw

PHOENIX, Ariz. (AP) — Police Chief Charles P. Thomas was showing off two of his uniformed female officers.

The chief ordered Patrolwoman Emma Groom to show City Councilman Val A. Cordova the items in her big leather handbag.

The policewoman promptly whipped out her handcuffs and a few other items. But with no amount of muscle could she dislodge her pistol, stuck in the handbag holster.

Cordova suggested a lesson in old fashioned Western gun slinging.

Only about 36,000 farmers, or 5 per cent of Canada's farm population, had enough income in 1955 to pay income tax.

with any answers to their questions about the world of today? Generally, they have not, say the editors of "Botteghe Oscure."

# SMALLPOX IS CALLED SOLVED MEDICAL ISSUE

By DOROTHY V. WHIPPLE M.D.

The Associated Press

"I have never heard of anyone having smallpox," said Mrs. Wentworth. "Why must Joana be vaccinated? Isn't vaccination just a hangover from the past and needless in our modern world?"

"Indeed it's not needless," I said, but before I could go on she said:

"You know sometimes I think you doctors just enjoy sticking needles into children!"

I didn't even bother to answer that last sally, though I've heard it many times in the past.

Smallpox is a solved medical problem. It is true you almost never hear of a case of this dreaded disease these days, but this is only because everyone has been vaccinated against smallpox. If we stopped vaccination we might easily have an epidemic of smallpox.

There are a few states which do not require vaccination and in

these states cases of smallpox occur with persistent regularity year after year.

Once Common

In these days it is difficult to believe that smallpox was once as common as measles. For centuries, though, in Europe and Asia smallpox was one of the greatest scourges of the earth. Before the days of vaccination scarcely 5 persons out of 100 escaped it and about a quarter of those taking the disease died of it, of those who did recover, many were left blind or disfigured.

Although smallpox devastated the Old World it seems not to have existed in the Western Hemisphere before the advent of the white man. The Spaniard brought the Indian smallpox. According to the somewhat fragmentary evidence we have, the mortality among the American Indians due to smallpox reduced their numbers almost by half.

Attracts All Mankind

Smallpox is a disease that attacks all mankind regardless of race, color, sex or economic standing. Unlike many other diseases good hygiene and sanitation make relatively little difference. Smallpox spares neither rich nor poor, the clean or the dirty, the wise or the foolish, the good or the bad. It has counted many

kings and queens among its victims as well as beggars and peasants. But indiscriminate as is its initial attack, seldom does it attack the same person twice.

Vaccination

But it isn't necessary to have smallpox in order to acquire a lasting resistance against the disease. Edward Jenner back in 1796 demonstrated conclusively that an attack of the very mild disease cowpox gave as good an immunity to smallpox as did the disease itself. It was years before Jenner's work was universally accepted but finally mass vaccinations were done with such extraordinarily wonderful results that now most states in the USA require vaccination before a child may attend school.

There is no reason to wait until school age before a child is vaccinated. There is every reason to give him protection from infancy on. It is only at school entrance that public health authorities can reach every child. But it is recommended that all children be vaccinated during their first year of life. It is only in this way that we can prevent an epidemic of smallpox from once again devastating our land.

Early Protection

Have your children vaccinated in infancy, and have it repeated

when they enter school. This is enough protection unless they go to some place where there is greater risk than in most of America.

The reaction to vaccination is very mild especially in children. Many have no reaction at all. A few will show a slight fever and a little indisposition about a week after the vaccination was done. The scar of a welldone vaccination is small and inconspicuous. Parents often do not like to see even the tiny blemish on the arm of a little girl. If vaccination is done in early infancy before a child pulls to his feet, it can be done on the foot — where the scar will certainly never be noticed.

as the result of being in a new environment, says the Child Study Association. The group is trying to further the idea of easing the burden of moving day for the family with some sound tips.

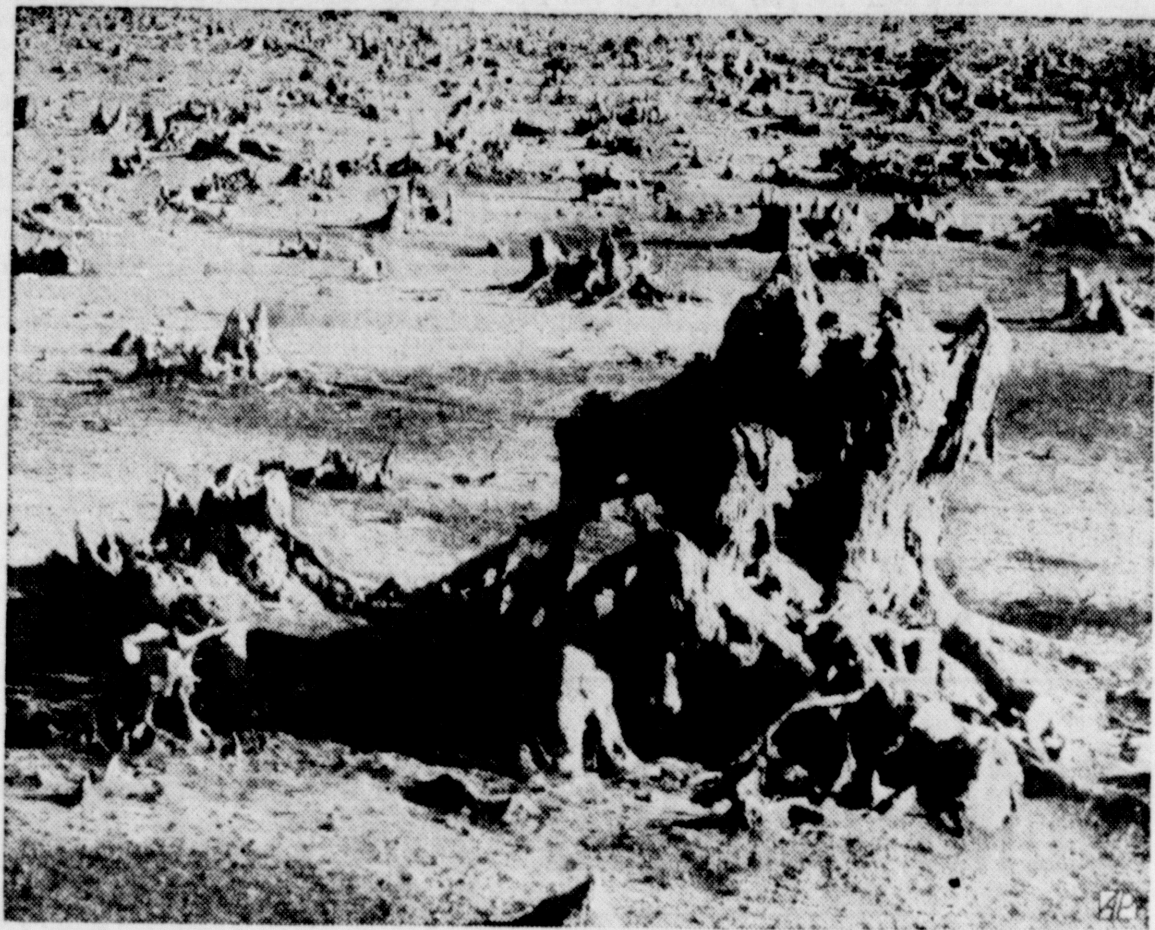

### Let Youngsters Help

Let the youngsters participate in house-hunting and plans for removal and selection of the new home, they suggest. Interest them in the new environment, perhaps in opportunities available for new companions or new activities in that area.

It's a good idea, too, to let them go over the house in advance, and for the entire family to be in on room selections. May be Dick who enjoys painting would prefer a north window, while Kathy who loves sunshine and plants might prefer the south-west exposure. Let them talk it out.

Parents should suggest, even before the move takes place, that each youngster invite his closest friend for a weekend just as soon as they are settled, and perhaps a date may be made even before the move is made.

As soon as the youngsters are

**THE BOTTOM CAME UP** — What could pass for the crater-like appearance of the moon is really the drought-affected reservoir, Stump Pond, near Smithfield, R. I. As the water receded, tree stumps were exposed and brought out the driftwood hunters in droves.

settled in a new school, encourage them to invite some of their new classmates to your home, and have a housewarming party for new acquaintances. It's a good idea to include the new teachers in dinner party when possible, particularly if they have not met you when the children were entered in school.

Keep the young people as busy as possible when you move into that new neighborhood. Whenever it seems that they have time on their hands, dream up something that will interest them. Trips to explore the neighborhood, movies, shopping, and nearby points of interest may take their minds off their problems, and keep them from brooding, until they make new friends.

They may get into the swing of things quicker by joining the Girl Scouts or Boy Scouts, Campfire Girls, 4-H Clubs, dramatics clubs and other local enterprises. Another enterprise that might keep them busy is making up a map of their new home area, perhaps showing the route from the old house to the new, and these would be fun sent along with the Christmas card or incorporated into one.

## NOTED DANCER SAYS BALLET IS BEST REDUCER

OKLAHOMA CITY (AP) — Both-ered about that extra weight here and there?

If you're a woman, Mme. Alexandra Danilova, one of the world's top prima ballerinas, suggests that you take up ballet. If not, get out in the yard and do some garden- ing.

The classical ballet movements, in the dancer's opinion, "are the best exercise for a woman's body." She says she believes every ballet theater should have special classes for women who want to keep slender, if not to learn the ballet. She adds:

"I do my classical and physical exercises daily. I believe in both. "A woman may go to the studio once a week, but she must also do her exercises daily. Every woman who really looks well, exercises. It is boring, but one must do it. "Very seldom is a woman born a goddess — and she can always improve herself."

Mme. Danilova, although retired from the stage, retains her 110-pound weight and a firm, young figure with long, slender legs. She started dancing in Russia

when she was eight, was a member of the Ballet Russe de Monte Carlo from 1933 to 1951, and inherited the title of "Madame" at the death of the famous Anna Pavlova.

Mme. Danilova joined the staff of the American Ballet Theater in New York, and is spending several weeks here at the theater's branch school.

She believes that every woman should garden — plant flowers, weed and cut grass, because — "These exercises are very good for the stomach."

The pert ballerina admires the American home with all its conveniences. But these mean less physical exercise, she says, and more chance of gaining weight.

A housewife must remain attractive to her husband, or lose him, Madame Danilova believes. Says she:

"Love is like an orchid and needs care. If one side doesn't care — it disappears."

### SPELLING SPECIALIST

ROSWELL, N. M. (AP) — An Internal Revenue Service agent tells of a Roswell woman who called the office and asked, "How do you spell 'immediately'?"

"After I told her," he said, "I asked why she called us to ask such a thing. "She answered, 'If anyone in town would know, you people would!'"

## Foot Doctors Change Name To Podiatry

HUNTINGTON, W. Va. (AP) — The National Assn. of Chiropractors is changing its name to the American Podiatry Assn., effective Jan. 1.

Dr. Jonas Morris, president, explained to the Middle-Atlantic Assn. of Chiropractors-Podiatrists that the change results from a more accurate interpretation of the Greek bases for the two words.

The base for chiropody, he said, meant "of the hands and feet," while that of podiatry meant "of the feet."

Morris, professor of practical administration at the Temple University College of Chiropractic, estimated that 5,000 more podiatrists are needed in this country.

He said there are fewer than 7,000 in practice now, and that many cities and towns have none. He also estimated that 70 per cent of Americans have some foot disorder.

## Showgirl Is Cast As Hometown Girl

NEW YORK (AP) — The producers of "Auntie Mame" are sticking to the script in casting one role.

A line of dialogue says of the character: "She's not British dear, she's from Pittsburgh."

The girl who plays the part in the Broadway company is Polly Rowles. In the national company on tour the assignment is handled by Jane Van Duser. Both girls are not only Pittsburgh natives, but attended Carnegie Tech drama school together.

### SUPERSTITION PAYS OFF

DENVER (AP) — Thomas Hornaby Ferril, Denver poet who won the Denver Post's \$10,000 play-writing contest, actually collected \$10,000.03.

At the check presentation, Ferril explained he was superstitious about the round figure. So Post publisher Palmer Hoyt and two others in the office dug up a penny each to give to Ferril.

### EDITORIAL COMMENT

ABERDEEN, Miss. (AP) — Reviewing his first five years at the helm of the Aberdeen Examiner, editor Roy Steinfert recalled the various improvements he had made in the newspaper plant. "Everything has grown at the Examiner," his page-one column said. "But most of all, my waist-line."

### TANK JOB

CLEVELAND (AP) — Victor Yonke, 28, of Cleveland had a ready explanation for officers who stopped him for speeding 100 miles-per-hour on Municipal Shoreway.

"I was trying to get to a gas station before I ran out of gas," Yonke said. He went to jail anyway.

HOT ROLLS AND BUTTER REMAIN FAVORITE FOOD

By CECILY BROWNSTONE  
Associated Press Food Editor  
When we were young, Parker House rolls from the bakery, ordered for special occasions, were the height of culinary glamor. Recently we tried our hand at making the rolls and when we served them hot with butter and other spreads, they were much enjoyed. Good as these rolls are, however, their texture and appearance differs from the bakery product — so don't expect a facsimile of those bought.

**Parker House Rolls**  
Ingredients: 1/4 cup milk, 1/4 cup sugar, 2 1/2 teaspoons salt, 4 1/2 tablespoons shortening, 3/4 cup warm (105 to 115 degrees) water, 1 package active dry yeast, 4 1/2 cups sifted flour (about), butter or margarine (melted).

Method: Scald milk; stir in sugar, salt and shortening; cool to lukewarm. Measure warm water into a large mixing bowl; sprinkle in yeast; stir until dissolved. Stir in lukewarm milk mixtures. Add half the flour; beat until smooth; stir in remaining flour. Turn dough out on lightly floured board; knead until smooth and elastic. Place in greased bowl; brush top with melted butter; cover with clean towel. Let rise in warm place, free from draft, until doubled in bulk — about 1 hour. Punch dough down and turn out on lightly floured board; divide dough in half. Roll out each half into a 9-inch circle; cut with a round 2 1/2 inch cookie cutter. Crease each round a little off center with dull edge of knife; brush lightly with melted butter. Fold larger side over smaller so edges just meet; press to seal; place on greased baking sheet about 1 inch apart; cover. Let

Camera News

By IRVING DESFOR  
AP Newsfeatures  
Pictures of their children probably outnumber all others taken by amateur photographers, are shown the most and are the least satisfactory — if not actually boring — to unprejudiced eyes.

That is the conclusion of an expert child photographer with a yen

to improve the situation. The expert, Josef A. Schneider of New York City, has distilled his knowledge of photography and of children, accumulated through years of professional experience and teaching, into a new book, "Child Photography Made Easy" (American Photo Book Publishers, New York).

Schneider believes that successful children's pictures are the result of the ability to make picture taking a recreational activity for children instead of an ordeal. You must be able to soothe, amuse and outwit them with a variety of games for each age level from infancy on.

Besides this technique of play one must have an adequate camera, basic equipment of indoor shooting, and an elementary lesson in lighting. "It isn't really tough at all," says Schneider as he makes a direct pitch at mothers, particularly because they daily use a similar form of child psychology to cajole their youngsters into eating, dressing and doing their normal chores.

Consult Charts  
Cameras must be beyond the box camera range to make outstanding photos of children. They should permit you to control focus, lens openings and shutter speeds to suit various lighting conditions and degrees of childish activities. Charts can be consulted to ensure correct exposure.

A portrait lens attachment is a helpful accessory but a good tripod is a virtual necessity, Schneider advises. It eliminates the chance of camera movement, remains at the ideal height for children's portraits (12 inches above eye level), leaves you free to play games while shooting with a long cable release.

For the best, most economical indoor portrait studies, forget your single flash-on-camera unit and get three reflector units for No. 2 photoflood bulbs. If you can get them on adjustable light stands, so much the better, otherwise get the clamp-on reflectors and use them on bridge lamp stands, chair backs or music stands.

Set Picture Area  
A picture-taking area should be set up with a doll or another person as a stand-in until all adjustments have been made before bringing the child into shooting range. The stage should be three feet from a plain background or

wall. Place the camera four feet in front of and 12 inches above the child's eye level. One light is placed 15 inches to the right of the camera and eight inches above it. It is angled down so as to hit the child's chest, not the face.

With this basic light position, which can be altered slightly side to side or up and down for individual characteristics, the exposure would be 1/50 at 1/16 using Tri-X or similar fast films.

A second light can be added two feet behind the child, two feet to the side and 18 inches above the head. It should be aimed downward alongside the child, not at him. It brightens the hair and figure outlines but doesn't change the exposure.

A third light may now be introduced to complete the edge-lights around the figure. It is also two feet behind, on the other side of

the child, and two feet above the head. The exposure still remains the same, 1/50th at 1/16, because it is based on the main front light only.

**Use Pennies**  
Schneider has discovered that pennies make a wonderful photo prop for most youngsters. Put them between pages of a book and then have the children discover it's a treasure book. Place a penny in a child's sock, then capture the fun of retrieving it. Put them in a purse or hide them in a blanket fold and the young subjects will be diligently occupied for some moments.

Copper wire or pipe cleaners are also good to keep young fingers and minds busy. Show them how you make funny shapes or a pair of eyeglasses and then catch them at work.

Younger children have a good

time tearing paper or playing with balloons which zip through the air when you let them deflate freely. Now and then let the stream of escaping air hit their hair or chest and catch their expressions. Build a tower of blocks and let them knock it down for some gleeful shots.

Kids like to play with items that are forbidden at home, so an unattached telephone or a pan of bubbly water has an attraction for a while. Infants can be inveigled with some chocolate syrup, first as a taste, then smeared on their arm or foot. When they try to lick it off their feet, you'll have a cute picture.

These are a few of Schneider's stunts, but thinking along these lines you can develop a bag of tricks of your own which will add up to some magical children's photographs.

NEW APPEAL ON POSTAL RATES

WASHINGTON (AP) — President Eisenhower and Postmaster General Summerfield Tuesday made a new appeal for early action by Congress to increase postal rates.

They did so at Eisenhower's weekly meeting with Republican congressional leaders.

Senate Minority Leader Knowland of California told newsmen that Eisenhower and Summerfield both expressed the view it is highly important that Congress authorize a postal rate hike.

Knowland said he couldn't predict whether such an increase will be approved by Congress. But he said he sees "a reasonably good chance" for some postal rate increases.

OWEGO, N. Y., (AP) — The "Olive Oil King", an alleged leader of the Mafia, appeared briefly Tuesday before the Tioga County grand jury investigating the national gangland convention at Apalachin last Nov. 14.

Joseph Profaci of Brooklyn, purported to be a top leader of the secret underworld organization Mafia, was closed with the jury such a short time it seemed unlikely he had answered any significant questions.

He declined to talk with reporters before or after entering the room.

## WOMAN JUDGE SAYS SYMPATHY WILL PAY OFF

By DICK WHALEN

BUFFALO, N. Y. (AP) — The defendant, unshaven and ragged, was charged with vagrancy. He stood before the city judge, a woman, who frowned and flapped the folds of her black robe as she asked:

"Have you ever been before me prior to today?"

"No, ma'am," he answered, "but I heard there was a woman judge in these parts and I also heard she was pretty nice."

Judge Madge Taggart smiled. "Suspended sentence," she said. "I'll show you that women are really susceptible to flattery."

The frank rejoinder from the bench has become a trademark of Judge Taggart, the first woman

ever elected to city court in Buffalo, a city of over half a million.

"I suppose I'll get in trouble for it someday," she says. "I try to be honest and impartial; but some things, well, they just strike me a certain way and I say what I think. They don't affect my decisions, though."

Respect, Admire Her

The attendants at city court are quick to express their respect and admiration for her. They say she handles cases with painstaking thoroughness. When the occasion arises, she speaks her mind.

For example — a man who pleaded guilty to a charge of speeding said he was chasing a man who owed him \$15.

"Now that's a foolish way to get your money," said Judge Taggart. "You're going to lose it now. Twenty-five dollars fine."

Another defendant asked for leniency on a charge of being drunk and disorderly. Judge Taggart scolded:

"You're not a man; you're a cry-baby. Here you are at the

age of 32 and you can't take care of your family. You're healthy aren't you? It wouldn't be because you drink too much, would it?"

Only One Complaint

The attractive judge has only one complaint: "Every day I take home a handful of other people's troubles."

Does it bother her?

"Sure, it affects me. If it didn't affect me, I probably shouldn't be on the bench. Hearing case after case — muggings, robberies, fights, domestic quarrels — I'd go crazy if I couldn't look back and see where a little understanding helped straighten someone out."

"That's what makes it all worth while — being able to help someone who's in trouble."

Named To Vacancy

Judge Taggart first sat on the city court bench in July, 1952, when she was appointed to fill a vacancy. She had been a clerk in city court for 11 years and an assistant district attorney for nine years. She graduated from the University of Buffalo Law

## 4TH GRADERS ARE TRAINED AUTO DRIVERS

LAWTON, Okla. (AP) — When a child is promoted from the third to fourth grade at Garfield Elementary school here, he's qualified as an A-1 automobile driver.

Chances are his knowledge of good driving habits surpasses that of his parents. For example: Fifty third graders took the same written tests given persons applying

School in 1920.

She lost a close election for the seat in November, 1952, and was appointed to fill another vacancy two months later. In 1953 she won 102,000 to 79,000 in an election in which her Republican party lost control of the mayoralty and common council.

for Oklahoma driver's licenses. They scored an average of 82.

Parents of the children took the same test. The average score was 58 — 12 points less than passing. From the time a child enters the second grade at Garfield until he graduates into junior high school, he is drilled on safe-driving habits.

"Drive" In Aisles

Second graders "drive" up and down the aisles in their classroom, using crayon-colored plates as steering wheels and giving hand signals when they turn.

The second graders also learn to read and identify traffic signs, distinguishing those they cannot read by their shape.

They have a "traffic light" in the classroom made by their teacher, Mrs. Allen Priddy, of a broomstick, shoe box and Christmas lights.

After the second graders have mastered the inside drills, they move to an elaborate traffic training board. Laid out on a table are miniature streets, tiny traffic signals and little cars.

Here the children learn passing

fundamentals, traffic lanes and other good driving habits.

In the third grade, the children move into the school auditorium which is marked off in make-believe streets, intersections and miniature traffic lights.

They learn more safety habits by pedaling four bright red roadsters, complete with lights, horn, rubber tires and a make-believe engine under the hood.

The miniature cars cost about \$90 each and were supplied by Lawton car dealers.

Take Driver Exam

Before passing into the fourth grade, the children take the state driver's license exam, and are given "honorary" driver's licenses.

In the fourth, fifth and sixth grades, the youngsters move into bicycle safety, using the same habits they learned in the two primary grades.

The program is directed by the school's principal, Mrs. Mildred Colthart, and Oklahoma Highway Patrolman Wesley Miller.

"We catch the children before they have a chance to form im-

proper conceptions about driving," Miller says.

Mrs. Colthart said most parents are as enthusiastic over the program as their children. Only one parent has complained.

A father said his 7-year-old daughter called him down six times on one trip when he dangled his elbow out of the window or exceeded the speed limit.

## English Actress To Be Flynn's Top Lady

NEW YORK (AP) — Jan Brooks, a 21-year-old English actress who has never appeared on the London stage, has been picked to be Errol Flynn's leading lady in "The Master of Thornfield" on Broadway.

The play, an adaptation of Charlotte Bronte's "Jane Eyre," is planned by producer Huntington Hartford for arrival in March.

Hartford discovered Miss Brooks at a small suburban London theater where she has been acting for a year and a half.

## Broadway Can Be Heard Via Records

NEW YORK (AP) — The Broadway stage continues its heavy contributions to billion dollar record industry.

Eight plays currently appearing on Broadway can be heard by home audiences via original cast recordings.

The include "My Fair Lady," "Bells Are Ringing," "Happy Hunting," "Jamaica," "Lil Abner," "New Girl in Town," "The Most Happy Fella" and "West Side Story."

FIFE, Tex. (AP) — Nolan Underwood, almost blind, whittled a guitar out of a piece of 4 x 12 lumber and rigged it with an amplifier.

Sounds pretty good, too. Nolan was almost blinded in 1951 in a high school shop explosion. But he finished high school and two years at Southwest State College at San Marcos, Tex. He writes his own compositions.

# Mexico's Rich History Is A Paradise For Treasure Bugs

By JACK RUTLEDGE  
MEXICO CITY (AP) — Buried treasure. Gold, silver, emeralds, jade, pearls, forgotten mines, pieces-of-eight, doubloons, ancient coins.

Mexico has them all, well hidden but waiting some smart — or lucky — adventurer willing to gamble.

Mexico's very past makes it a natural breeding ground for lost treasures.

The Aztecs and Mayans with fantastic fortunes accumulated before America was discovered; the Spanish conquistadors who looted and sometimes lost their loot; the galleons with cargoes of gold, silver and jewels sailing for home but sinking off the country's treacherous coastline.

Later, the hectic days of the Revolution when the wealthy hid their fortunes and died before telling kin where to find them; the bandit era during which even Pancho Villa is believed to have buried fortunes.

And throughout these centuries, men found rich mines, jealously guarded their locations — and died or disappeared. The mines are still there.

## Treasures Listed

The magazine "Mexico This Month" recently devoted almost an entire issue to lost treasures. Here are just a few:

**MOTECUZUMA'S LOST TREASURE** — Axayacatl, father of the last Aztec emperor, accumulated the fantastic hoard. Motecuzuma yielded it up in his palace. When the Spaniards invaded Mexico and took the Aztec capital, they found the treasure, stole much of it. Fleeing before frantic Aztecs, the Spanish soldiers lugged all they could carry. But many were so greedy their loads were more than they could handle, and they drowned in the surrounding canals. The Aztecs recovered much of it, buried it. This hoard, and more of the

Aztec treasures never discovered, is still there. Somewhere. Some say in the Valley of Toluca.

**An Aztec God**  
**QUETZALCOATL'S FORTUNE** — This dates back into legendary days before Motecuzuma. Quetzalcoatl was an Aztec god whose wealth could not be estimated. It was buried in a place described as Atepanamochco, to this day a mystery. But it is thought to be near Tula.

**THE CONDOY TRIBAL TREASURE** — The powerful chief Condoy buried his tribe's fortune in a cave during a major battle with the Zapotecs. He lost, the treasure was lost, too. It is in Oaxaca, somewhere in the mountains known as Zempoaltepeque.

**THE SACRED WELL OF CHICHEN ITZA** — To appease the rain god, the Mayans buried human sacrifices carrying valuable ornaments and jewelry into a deep sacred well. Some of this treasure has been found, and is in the Peabody Museum of Harvard University. Much remains undiscovered.

**Many Ruins Undiscovered**  
Treasure is believed to exist near all the old ruins — and many ruins have not even been found in Mexico's jungles and isolated mountain areas.

But not all of the nation's hidden wealth dates back to archaeological or conquest days. Pirate chests exist, and many have been found. During the Revolution, wealthy men buried their possessions, dropped them in wells, or sealed them in the thick walls of their haciendas.

More definite, and easier to find but harder to recover, are the treasures that went down to the sea in ships — and then sank. Harry E. Rieseberg, self-identified as a deep-sea treasure salvor, lists these, among others:

The steamer "Golden City" sank off the coast of Baja Cali-

fornia Feb. 22, 1870, with \$500,000 plus a valuable general cargo.

The "Golden Gate" rests some 400 feet off Manzanillo, under 20 fathoms of water, with gold bullion and silver specie originally totaling \$1,500,000. It sank in 1862. About \$500,000 was recovered by a small expedition, the rest remains under 15 feet of sand. Included in the treasure are \$35,000 in rare octagonal \$50 U. S. gold coins, minted just once and discontinued. They're said to be worth about \$165 each now.

**Galleons Galore**  
But long before these days, older treasure-laden ships went to the bottom along Mexico's Gulf and Pacific coasts. There was the Spanish galleon "Bueno Jesus" enroute to Madrid in 1596 deliberately sunk near Puerto Morelos, Yucatan, to prevent capture by

pirates. It is supposed to hold millions.

Texans will be interested in close-to-home buried treasure — in the so-called "Graveyard of the Rio Grande."

The border stream was once not only navigable but heavily used. And man's ship went down in its twisting, treacherous currents.

**Sidewheeler Sank**  
The sidewheeler steamer "Lea" sank in 1880 during a storm, foundered not far from Brownsville, Tex. It carried \$100,000, is supposedly still there.

The sternwheeler steamer "Carrie A. Thomas" sank on June 15 of the same year when she struck a snag about 24 miles below Rio Grande City. It had \$80,000.

The "Jessie" out of New Orleans stranded and later sank on a bar at the mouth of the river. It had

Two questions frequently asked us are: "Just how good is the American food and drug supply?" "What can consumers do to help the Food and Drug Administration in its job of protecting the public?"

These questions are related. The foods, drugs and cosmetics used by the American people are the best that any nation has ever enjoyed in all history. The food, drug and cosmetic industries are working harder than ever to make further improvements in products, packaging and distribution. Changes are going on all the time. This is progress.

But progress also has a way of creating all sorts of new problems. More followup investigation must be done on the potent new drugs that are being released for sale today. There are more steps in processing today's read-to-heat-and-eat food products — which means more work for FDA inspectors. There is an increasing use of food additives — small amounts of chemicals which help to keep foods crisp or prevent them from drying out, or becoming rancid or mouldy, or which improve the appearance or the flavor.

This, too, is progress, but a law is needed which will require these materials to be thoroughly tested for their safety before they are tried out on the public. We also need more scientists to research these new materials and problems which affect the public health and pocketbook. And, of course, we always have that minority group of careless and criminal operators who

a cargo of \$70,000 in gold and silver.

Buried treasure. Gold, silver, emeralds, forgotten mines.

Mexico has them all, well hidden but waiting.

keep us busy with law enforcement activities.

Congress is helping us in two ways — it is supporting an expansion program with increased appropriations and considering amendments to the law to take care of the chemical additive problem.

Consumers can help, too, by taking an active interest in local, state and federal food and drug laws and their enforcement. They should

make it a habit to read the labels of foods, drugs and cosmetics, especially the fine print which often contains information required by law for your protection.

## NEIGHBOR OF TRUMAN WORKS FLOWER HOBBY

INDEPENDENCE, Mo. (AP) — A neighbor of former President Harry S. Truman — Mrs. W. H. Riche of Independence — knows the pleasure of letting her garden linger on.

By drying all sorts of plants, shrubs and trees she has colorful winter table arrangements at low cost.

On her buffet, for example, are exotic-looking black, shiny leaves arranged around gold candles. These are just plain branches from her pear tree, soaked in a glycerine solution. They remain soft and pliable.

Here's Mrs. Riche's formula: Use 2 parts of glycerine — available at any drugstore — to one part water. Cross-split a pear stem up about one inch. Place enough glycerine solution in a jar to cov-

er the cut. Soak two weeks.

### Uses Plastic Spray

Mrs. Riche adds magnolia pods sprayed with glitter or gold to the black leaves. The glycerine technique also works on flowering crab, hydrangeas and blue salvia. Mrs. Riche treats plants another way — with a plastic spray — then hangs them in a dark place to dry. This is good for peony and poppy pods, chives, jack-in-the-pulpit, green pine cones and lilac pods.

A third method is to use one part borax to about 12 parts sand. This powdered mixture is placed in a box about an inch beneath cornflowers, marigolds, zinnias and feverfew and then again on top.

The flowers dry in 10 days to two weeks. They don't shatter and nearly retain their original color.

It's easy to have unique, beautiful and lasting decorations for the home. Just look around your garden, says Mrs. Riche.

The scientific name for the state bird of New Mexico, the Road Runner, is geococcyx. It means "drags its tail on the ground."

**PROGRESS CHECK**—Nationalist leader Chiang Kai-shek and his wife walk across bridge during personal survey of highway being built on Formosa. Much of the work is done by hand since use of heavy machinery is impractical in most areas.

## SEN. DIRKSEN SPENDS TIME ON PLANTINGS

By JANE EADS

WASHINGTON (AP) — Sen. Everett McKinley Dirksen (R-Ill.), noted in the halls of Congress for his golden oratorical voice, also has a green thumb, according to his wife.

"He can put a stick in the ground and it will grow," Mrs. Dirksen told me. "I've never seen anything like it."

The powerful middle westerner, who is expected to take over the Republican leadership of the Senate when Sen. William F. Knowland bows out to run for governor of California, has been "putting things in the ground" every spare moment in recent months.

**Have 3-Acre Property**  
The senatorial green thumb is exercising its talents on the three-acre property at Sterling, Va., on the Potomac River, which the Dirksens are readying as a weekend and holiday Shangri-la.

Since last fall, when building started on an attractive ranch-

style house on the property, the couple have been directing their activities from a rented trailer where they often stay over night in good weather.

Dirksen first came to the capital in March 1933, when he was elected to the 73rd Congress. He served in each succeeding Congress until he voluntarily retired in April 1950 to run for the Senate. He was elected to the upper house in November 1950. Currently the Dirksens are living in an apartment hotel and maintaining their rambling old residence in their home town of Pekin, Ill.

**Now Landscaping**  
Dirksen, according to his wife, is landscaping his Virginia acres so that by next spring, when their house is finished, the place will be in full bloom. He has put in spring shrubs, dogwood, cedar and a variety of other plantings to assure continuous blooming the year around. He is especially fond of roses and gladioli, his wife asserts. The herbs and vegetables, she says, are her "province."

Mrs. Dirksen is also overseeing the decorating and furnishing of the house.

She is enthusiastic over the project, especially the planning, which gives her husband an opportunity to get outdoors and relax.

## "HAPPY FRIAR" SAYS PERSONAL APPROACH BEST

By EDWARD J. NEIL  
ALBANY, N. Y. (AP) — The Rev. Benjamin Kuhn, O.F.M., speaker, bicyclist and honorary everything, maintains the personal approach is far more effective than television evangelism.

The portly, 52-year-old "Happy Friar" of Siena College speaks before more than 200,000 persons a year in his schedule of dinner, breakfast and other appearances in the Northeast.

He uses bicycle riding to shed the banquet-acquired poundage from his 5-foot, 11-inch frame.

Clad in a white and green Siena sweater, Roman collar and black trousers, Father Ben takes jaunts up to 35 miles on his beefed-up American bike.

**Speaks Many Times**  
While averaging more than 200 speaking engagements a year, the Franciscan priest has received honorary titles ranging from honorary Holstein bull to honorary contour (by a soil conservation group).

He says he and his fellow priests must get out and carry religion personally to the people.

"The personal force of a speaker and the power of his convictions sometimes cannot get to the audience through television," he says.

His many appearances, which he calls public relations for the 20-year-old college he helped found, follow a basic pattern.

"I find the common denominator of the group, and then give them 50 minutes of entertainment and 10 minutes of commercial," he told a reporter.

**Is Campus Legend**  
The commercials deal with such topics as the opportunities available in America, work, leadership and salvation.

In his 20 years at Siena, Father Ben has become a campus legend. He jotted students for months by leading his pet duck about the campus on a leash.

His students remember him interrupting calculus classes to expound on his theory on defeating baldness.

"Let the side strands grow long, and comb them across the head." This is the method he uses.

The Happy Friar also has been

dubbed "the apostle of the buses," because of his fondness for transcontinental tours. Last summer, he made his 25th crossing of the continent, and reported he "found the nation in good spiritual health."

**Won't Argue Religion**  
He refuses to argue religion with acquaintances during these tours, on the ground that sending them literature is more effective.

Included in the literature usually is his own work, a family prayer card. Father Ben compiled a pamphlet containing most of the common prayers of the Catholic faith. More than one million have been distributed, and it is being translated into foreign languages.

Despite his numerous speaking engagements, Father Ben says one of his rules is:

"Stand up to be seen, speak up to be heard and shut up to be appreciated."

### Axelrod's New Play Due In 1958

NEW YORK (AP) — Playwright George Axelrod feels sure his next dramatic offering will arrive on Broadway this year.

The reason: Axelrod says three is his lucky production number.

His first comedy hit "The Seven Year Itch" reached the boards in 1952, and his second, "Will Success Spoil Rock Hunter?" in 1955.

The writer has not yet given a title to the script upon which he is currently at work. It deals, he says briefly, with a topic of universal interest.

## Grand Jury Acts As School Principal Suicides; Suggest Parents Boycott Bad Schools

NEW YORK (AP) — The foreman of a special grand jury investigating crime in Brooklyn public schools has suggested that parents have their children boycott schools where crime is prevalent.

Foreman A. George Golden made the suggestion at a jury session yesterday.

At the time, the grand jury had not yet learned that George Goldfarb, 55, principal of violence-tormented John Marshall Junior High School in Brooklyn, had plunged to death from the roof of his home.

### Posed As Question

The district attorney's office pronounced him a suicide. County Judge Samuel S. Leibowitz promised to study Golden's proposal, which was made in the form of a question.

"Is there anything in the law that could prevent thousands of mothers and fathers from having their young children boycott the schools until something is done?" Golden asked.

Leibowitz said he will confer with Brooklyn Dist. Atty. Edward S. Silver and report back to the grand jury.

### To Call In Board

When notified of Goldfarb's death, Golden said the jurors will call in Board of Education officials to find out whether the principal had been under pressure or had been threatened with disciplinary action for reportedly telling the jurors last Thursday that he would like to have a policeman stationed inside his school.

The grand jury and Leibowitz favor stationing a policeman in every school in the city. This suggestion has been turned down by the Board of Education. School Supt. William Jansen and Police Commissioner Stephen P. Kennedy.

Last week a 13-year-old white girl at John Marshall reported she had been attacked in the school basement by an unidentified Negro boy.

### Other Violence

The attack resulted in Goldfarb's appearance before the grand jury.

He was due to appear again yesterday.

Last Thursday, two other incidents involving violence were reported at his school.

Patrolman Thomas Fleming, on duty outside the school, was punched by one of six youths he ordered not to loiter around the building. The school's recreation director was assaulted by a youth in the basement of the school.

The John Marshall student body is 45 per cent Negro and 10 per cent Puerto Rican.

### Letter To The Editor

The following letter was received by Julian Estep, president of the Gettysburg Chamber of Commerce: January 21, 1958

President, Chamber of Commerce, Gettysburg, Pa.

Dear Sir:

I read an article in the newspaper the other day stating you people in Gettysburg were wondering whether to allow your city to become more commercial in the treatment of the National Park.

I would like to give you our impression of your city which we visited a year ago last summer. We were taking a trip East and my son says he sure and go to Gettysburg. I told him I hated war and wasn't too interested in old battlefields and what else was there except our President's home and didn't think we would be calling on him even though we admire him very much. He insisted and from past experience I knew he knew pretty much what we liked to see.

We arrived in your city on the 5th of July and it was very nicely decorated — more so than most cities. Then we did realize the Battle of Gettysburg was fought over that date. It is hard for me to express what I thought, but after we went on and visited Washington, D. C., and came home I was convinced that the visit to Gettysburg impressed us more and was more of a national shrine than anything else we visited, and as one American citizen would like to see it left exactly as is. I think it is

too much of a shrine to be allowed to become commercial. It is awe inspiring when one thinks of all the good friends and even relatives that fought each other there for a cause which they believed greater than themselves.

Since we came home we have read up on it and as I said above it is hard for me to express how deeply one feels about it and we greatly admire you people of Gettysburg that have kept your city as it was pretty much without allowing a lot of hoopla and businesses playing it up. We also think it is wonderful the way you treat the President and his family — allowing them to live as naturally as possible.

Sincerely,  
Mrs. Harry W. Reggentin

## Young Actors Get Theater From City

NEW YORK (AP) — City Hall is going all out for the Shakespeare now.

Because of the high public success of free productions by a youthful acting company in Central Park during the summer, officials have turned over to the group an unused theater for the winter season.

In addition, the park department is planning to develop the Central Park arena at a cost of \$150,000 for future shows, has launched a campaign to raise \$50,000 by public subscription for running costs.

### APT TITLE

NEWCASTLE, Wyo. (AP) — Several hundred people were evacuated from a Newcastle theater when dense smoke from a fire in an adjoining building filtered through the air conditioning system.

Playing at the movie was "Man on Fire."

## CAPT. G. E. UNGER IS GIVEN AWARD AT FORT MEADE

Captain Guinn E. Unger, son of Mr. and Mrs. Ernest E. Unger, of Biglerville, was recently awarded a Commendation Ribbon with metal pendant at Fort George G. Meade, Md., for meritorious service while stationed in Korea from July 29, 1956, until October 25, 1957.

Colonel Martin L. Green, post commander, made the presentation during an informal ceremony held at post headquarters.

The citation reads in part: "... By his personal leadership and command, by his high standards of conduct and training, this officer developed Company F into one of the outstanding companies of the regiment. Company progress under Captain Unger includes a mess hall, now one of the best and most beautiful in the division."

"Outstanding Unit"  
"Company F, by his undaunted leadership, increased in discipline, morale and operational capabilities to the extent that the company was recognized as the outstanding unit of the battalion during the annual inspection in January, 1957."

**Graduate Of College**  
"During his assignment as battalion plans and training officer June 17, 1957, to September 6, 1957 and during his dual assignment as battalion executive officer and the plans and training officer, September 7 to October 25, 1957, Captain Unger exercised much foresight and ingenuity in coping with the many complex and administrative problems inherent in the performance of day to day, post, camp, station and operational functions in the Second Battalion. Through direct supervision he obtained results beyond that normally expected of an officer of his rank and experience."

A graduate of Biglerville High School and Gettysburg College, Captain Unger entered the Army as an enlisted man in August 1943. The following August, he graduated from the parachute school at Fort Benning, Ga., and during World War II, he served as a paratrooper with the 507th Parachute Infantry Regiment in the European Theater.

After the war, he served with the occupation troops as a member of the 505th Parachute Infantry Regiment in Berlin, Germany. From October 1945, until May, 1946, Captain Unger served as a member of the Honor Guard for General Dwight Eisenhower at Frankfurt, Germany.

The following May, he returned to civilian life, completing his college education at Gettysburg College. While at Gettysburg, he took ROTC training and was commissioned a second lieutenant in the Regular Army upon graduation in June, 1949.

**Served As Instructor**  
Captain Unger returned to active duty after graduation from college, and attended the basic course at the Ground General School, Fort Riley, Kansas. Upon completion, he graduated from the officers' basic course at the Infantry School, Fort Benning, Ga.

In July, 1950, he served with the 26th Infantry Regiment, First Infantry Division, in the European Theater. After serving there three years, he returned to the United States and served at Gettysburg College as an ROTC instructor. Before his Korean assignment, he completed the advanced course at the Infantry School at Fort Benning, Ga. He is presently the supply and logistic officer with the Post Headquarters Commandant Office at Fort George G. Meade, Md.

Captain Unger and his wife, Phyllis, are presently making their home in Severn, Md.

### Musical To Tour As A 'Concert Reading'

NEW YORK (AP)—A recent Broadway musical comedy, "Candide" is being reworked for presentation on tour as a "concert reading."

The Lillian Hellman-Leonard Bernstein work had a short run last season. Miss Hellman is revising the book and Bernstein has added a new aria to the work for a projected 15-week tour.

Robert Rounseville and Ira Petina, who starred in the original

version, have been signed for the project, with Martyn Green taking over the title role created by Max Adrian.

### No Worry About Jobs Julie Andrews Has

NEW YORK (AP)—British actress Julie Andrews, winding up her sensational stand in "My Fair Lady," has no worries about future employment.

Besides her stage successes, she has appeared in several television

shows and may be well on the way to becoming a popular recording artist.

Columbia Records has released two of her albums this season. They include "Cinderella," and a collection of old English songs.

In addition, Julie has recorded an album of nursery rhymes for Angel records.

## TAKE STUDENTS ON SIMULATED TRIP TO MOON

LOS ANGELES (AP)—If your child comes home from school and says he has just made a trip to the moon, don't be surprised. That's what parents here have been hearing.

Actually, the students did take a simulated trip to the moon. It was part of a program to interest youngsters in science and mathematics.

Engineers from an airplane manufacturing company visited the school, conducted the moon trip, explained how a jet plane is constructed, showed a film, answered questions—and hoped they had sown the seeds of scientific interest.

The project of arousing scientific interest in the students and bringing them into technological careers is being carried out by the Southern California Industry-Education Council.

**Sponsored By Industries**  
The council is sponsored by industries including Hughes, Convair and North American Aviation companies, Kaiser Steel, the National Assn. of Manufacturers, and by the University of Southern California and the University of California at Los Angeles.

The first program of its kind, it has the interest of the National

Academy of Sciences, National Science Foundation and the President's Committee on Scientists and Engineers.

Council Director Jack H. Cooper, a college mathematics teacher, said yesterday the program already is reaching some 5,000 high school and junior college students. The aim is to expand it and include elementary pupils.

Cooper points out that in 1900 only 1 out of 250 persons required some knowledge of science and mathematics to hold his job; today that figure is 1 out of 35, and by the year 2,000 the prediction is that it will be 1 out of 2.

### 75-Year-Old Church Gets A New Home

NEW YORK (AP)—The famous, 75-year-old DeWitt Church, which has ministered both to Jews and Christians on Manhattan's lower east side, got a new home—built under the auspices of the New York City mission society in a public housing project, the first church in the city with such a location. Its Sunday services are conducted in three languages—Russian, English and Spanish—to serve its mixed community.

**OSSINING, N. Y. (AP)**—A veteran Maryknoll missionary in China, the Rev. Thomas J. Bauer, reports that only three American priests remain there, all in prison or under restriction in Shanghai, and that Communists now are exerting pressure to promote a church independent of Rome.

### Elvis Mixed With Religious Records

OKLAHOMA CITY (AP)—Employees of the Baptist Book Store, in a hurry to get to a religious workshop, scooped up a bunch of religious records that had just arrived. At the workshop, they stacked them on a record player and sat back to listen.

Suddenly, they were all startled by a jumping Elvis Presley song. No one could figure out how the Presley record got into the religious stack.

### Finland Teen Gives Views On U. S. Youth

DENVER (AP)—Antero Stirla, 17-year-old Helsinki, Finland, student, thinks American boys and girls drive automobiles too early and the girls dress in "a very unladylike manner."

But he thinks American teenagers are "more open-minded and better socially adapted" than Finnish youngsters. Antero is at East Denver High School under an international scholarship program.

### CAR HATER

BALTIMORE (AP)—He may have been a frustrated hitchhiker, fed up with "no rider" signs.

When a motorist stopped his car on West North Ave. to ask directions, the man he asked refused to oblige.

"I'm a pedestrian," he said. "I don't help cars."

## EXPECT SAG IN BUYING TO VANISH SOON

By SAM DAWSON

NEW YORK (AP)—Is this an inventory recession like the two previous postwar ones? And like them will it end when inventory cutting runs its course and business starts refilling the supply pipelines?

Most business leaders who express an opinion say so—both for their own lines and for the economy as a whole. Government economists count heavily on this when forecasting an upturn by midyear or early fall.

Only a few observers caution that inventory cutting could be largely a symptom of something else and that possibly other things may have to be cured before a need to refill the pipelines becomes a deciding factor.

### Typical Elsewhere

Some even question if the remedies now being tried—easier money, intentionally, and increased defense spending, primarily for other reasons—will be enough.

It's easier to see how inventory cutting came about than to chart its course and turning point.

The situation in the auto industry typifies what has been happening in many other forms of consumer durable goods, such as appliances.

### Buying Disappoints

Consumer buying of the 1958 models, for whatever reason, hasn't come up to Detroit's earlier hopes. So production has been cut back. So far this year the factories have turned out 25 per cent fewer cars than in the same period of 1957.

Cutbacks in auto production have led Detroit purchasing agents to go slow in ordering steel. Present steel stocks are being used up.

This has been one reason the steel mills have cut back output. This week's tonnage production is 41 per cent lower than in the same week in 1957.

Workers have been laid off all along the line.

### Less Purchasing Power

This rise in unemployment, added to job trimming in other industries, is beginning to show up as a drop in total personal incomes—in other words, less consumer purchasing power.

Inventory trimming will run its course and level off when steel stocks equal what is needed to produce the number of cars the public will buy. Inventory buildup will start again when the public buys more cars, requiring that more steel be ordered to meet the demand.

Consumer reluctance to buy durable goods is only one of the reasons behind the general inventory trimming.

### Decision To Cut Back

A major one was the decision of businessmen themselves to cut back on their expansion program. This spending reached a peak last summer with industry plunking out nearly 38 billion dollars at an annual rate for new plants and equipment. In the first quarter of this year the annual rate has dropped to 35½ billion.

A chief factor in sparking the inventory cutback was the economy wave in the Defense Department, which clipped spending from 10 billion dollars in the spring quarter to 9½ billion in the final months of the year.

A worldwide business slowdown cut exports by about two billion. All together these led businessmen to switch from a policy of adding to inventory at the rate of two billion a year last summer to trimming stocks by three billion a year as 1957 ended.

## Choose Cover Girl For "Anne Frank"

HOLLYWOOD (AP)—A New Jersey girl with no previous acting experience has been chosen from among 10,000 applicants to play Anne Frank.

Millie Perkins, 18, Passaic, a New York model and cover girl, was announced for the lead in the film version of the Pulitzer Prize-winning play, "The Diary of Anne Frank."

She was flown here from Paris, where she had gone for fashion photos, to compete among seven finalists.

WASHINGTON (AP)—A railroad spokesman Tuesday announced a postponement from Feb. 1 to Feb. 15 for the planned effective date of proposed new freight rate increases on selected items.

Edward A. Kaler, Pennsylvania Railroad attorney who is acting as chief counsel for the industry in the rate proceeding, said the postponement was requested by the Interstate Commerce Commission.

WASHINGTON (AP)—Forty high school seniors including Lise Jo Waldman, 16, 625 South Ave., Seacane, Pa., today were named finalists in the 17th annual nationwide science talent search.

Each of the winners was awarded an expense-paid trip to Washington to compete for \$34,250 in scholarships and awards during a five-day Science Talent Institute beginning Feb. 27.

Tony Kubek, rookie of the year with the New York Yankees in 1957, compiled a hitting streak of 17 straight games.

**BLEND OF CULTURES**—Shoshana Zamir, a Yemenite, examines woven work and ornaments in Tel Aviv. They were made by aged craftsmen who came to Israel from Arab lands.

## "DRINK IT UP," WILL DIRECTS

MARTINEZ, Calif. (AP)—"If anything is left after funeral expenses, I want you to drink it up," said the will of Eli Stewart, 79.

The will, admitted to probate, left Stewart's \$900 estate to Mr. and Mrs. W. L. Moffatt.

Stewart died New Year's Day in the county hospital.

"I don't believe in tombstones," his will said, "and I don't want no \$50 suit to be buried in. I haven't had one in 30 years."

There was no estimate of what

was left, if anything, after funeral expenses were paid.

Never wash eggs before they are ready to use because the natural protective coating on the shell helps to preserve the egg.

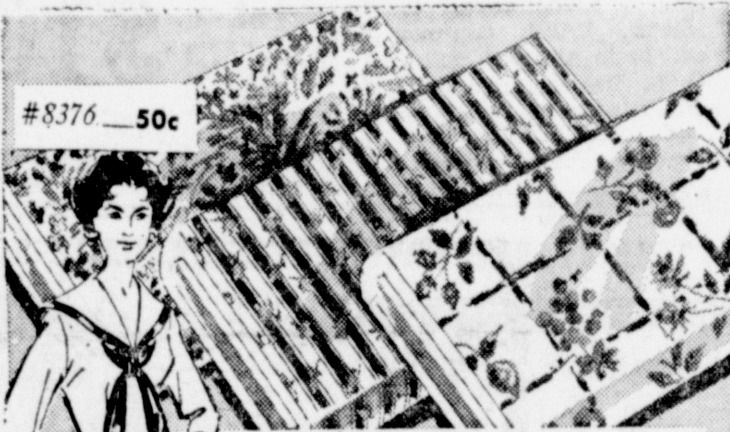

For party ice cream serving, make individual or large meringue shells; fill shell with ice cream; garnish with fresh fruit.

## WILL INCREASE AUTHORITY OF DEFENSE SEC'Y.

WASHINGTON (AP)—Greatly increased authority for the secretary of defense reportedly is included in the administration's preliminary planning for Pentagon reorganization.

Authoritative sources said the tentative recommendations would give Secretary McElroy broad new powers to control military spending.

This would be in line with one of the proposals made to the Senate Preparedness Subcommittee by retired Gen. Lucius Clay, long-time adviser and close personal friend of President Eisenhower.

### No Control Now

Clay, a member of the Rockefeller study committee which recommended defense reorganization recently, said the secretary now has "practically no control" over money Congress makes available to individual services. He said McElroy could cancel a missile pro-

ject he found unfeasible, but could not use the funds to finance a more promising missile project under development by another service.

Clay also recommended a single military command, with the chairman of the Joint Chiefs of Staff being given authority to assign roles and missions to the individual services.

### Criticism in Congress

There has been criticism in Congress of the dual role of three of the Joint Chiefs, who are responsible for operating individual services while being called upon to do over-all military planning. Only the chairman, who has no vote, is free of direct links and operational responsibilities.

In testimony released this week, however, McElroy said the Joint Chiefs of Staff are doing a good job of military planning for both short- and long-range emergencies.

In view of McElroy's stand, informed members of Congress doubt the administration will propose a single command. But they expect a recommendation for more flexibility in assigning roles and missions of the Army, Navy and Air Force.

ADVERTISE IN THE TIMES

## VOTE M'KEON AS "MARINE OF MONTH"

CHERRY POINT, N. C. (AP)—When then-Secretary of Navy Charles Thomas reduced Matthew C. McKeon's general court-martial sentence for leading the Parris Island, S. C., "death march," the Marine ex-drill instructor vowed:

"I'll try to be the very best private in the Marine Corps."

That was in late 1955, several months after the April 8 night march of Recruit Platoon 71 into a tidal stream where six recruits drowned.

### Voted By Squadron

Pfc. McKeon appears on the way toward realizing his vow. He has been named the January "Marine of the Month" by the All Weather Fighter Squadron 114 here, of which he is a member.

McKeon's selection also gave prophetic meaning to Thomas' explanation that he reduced the sentence to give McKeon an oppor-

tunity to "build for himself a useful and honorable career . . . I hope and believe that he will avail himself of this opportunity."

The Marine of the Month was chosen by vote of squadron members from among nominees selected for proficiency, bearing, disposition and conduct, McKeon explained.

"I really appreciate the squadron's action," said the career Marine from Worcester, Mass.

"I guess I'll stay in the Corps," he said, and the word had a familiar ring. He had stood in the courtroom after his conviction and said, "I'll stay in the Marines if they'll have me."

The court-martial sentenced McKeon to reduction from staff sergeant to private, a bad conduct discharge, a \$270 fine and nine months in prison. Thomas eliminated the discharge and the fine, cut the prison term to three months and upheld the reduction in rank.

At present, he is an operations clerk at Cherry Point Marine Air Station.

## PA. SCHOOL BUS LAW IS CHANGED

Adams County inspection stations apparently are aware of a situation that has caused trouble in other counties according to a special bulletin received by County Superintendent of Schools C. P. Keefe today.

The bulletin from P. O. Van Ness, executive secretary of the Pennsylvania State School Directors Association, is an attempt to get information to the directors and through them to school bus inspection stations that the law requiring special flashing lights at the front and back of each school bus has been changed so that the lights will not be required until August. Originally the requirement was for the current inspection period which ends Friday.

Van Ness said a number of counties had contacted him because inspection stations would not pass school buses without the flashing lights. In his bulletin he said he had been informed by state authorities at Harrisburg that the requirement had been postponed until August. He said the state had

informed him it was unable to get information to all the hundreds of inspection stations but had tele-typed the message to the state police inspection supervisors and said the state police were authorized to officially notify inspection stations of waiver of the requirement.

Superintendent Keefe said he had heard of no difficulties on the part of Adams County school bus operators in getting their vehicles inspected. Kenneth G. Reinhart Jr., business manager of the Gettysburg Joint School System, said he had no report of inspection troubles within his district.

DETROIT (AP) — Assembly operations at Dodge Main, one of Chrysler Corp. major plants, were shut down Tuesday while company and United Auto Workers officials debated when to renew negotiations to head off a threatened strike that could idle 70,000 Detroit Chrysler workers.

Two other Detroit area Chrysler plants, closed Monday, reopened Tuesday.

Both sides reported no progress in negotiations yesterday on a production standards dispute in which the UAW has threatened to strike Dodge Main, a key supplier to all others.

## Stamp News

By SYD KRONISH  
The Associated Press

Each year the United Nations postal administration issues a commemorative stamp honoring Human Rights Day. This year's set of two will make a first day appearance on Dec. 10. The 3-cent stamp will be green and the 8-cent stamp gray.

Depicted will be a flaming torch symbolizing "human rights and the endeavor to put into practice the Universal Declaration of Human Rights adopted by the General Assembly of the United Nations on Dec. 10, 1948."

The U. N. Postal Administration also announced that a third international panel of stamp designers has been named to serve as designers of U. N. issues for 1958.

Those named were S. L. Hartz of the Netherlands, Minoru Hisano of Japan and Renato Ferrini of Italy.

Four semi-postals have been issued by the Netherlands Antilles to honor the 8th Central American and Caribbean Soccer Championships held at Curacao. All three adhesives show men playing soccer.

The Australian War Memorial at Canberra will be depicted on new stamps to be issued early in 1958, says the Australian Post Office Dept. The central design will show the courtyard of the memorial with the dome of the Hall of Memory in the background.

A new set of commemorative stamps has been issued by Nicaragua to honor its Merchant Marine. The stamps are printed in three colors. The regular values are 4 c, 5 c, 6 c, 10 c, 15 c and 50 c.

Western Germany is so proud of its television industry that it has issued a new 10 pfennig stamp honoring TV.

The design, however, is one of taste so good.

**AMERICAN HOLLANDAISE SAUCE**  
Ingredients: 1/4 pound (1/2 cup) butter, 3 egg yolks, 2 tablespoons lemon juice, 1/4 teaspoon salt, cayenne.

**Method:** In a small saucepan (1 pint) melt the butter; heat until it bubbles and foams all over the top, but do not let it brown. Meanwhile, put the egg yolks, lemon juice, salt and a pinch of cayenne into the electric blender container; cover container; flick motor on and off (at high speed) twice. Remove cover. Turn motor on (at high speed) and in a slow stream pour in the hot foaming butter. Turn into small bowl to serve. Makes 3/4 cup — enough for 4 servings.

**SAUCE BEARNAISE**  
Ingredients: 2 tablespoons water, 1 tablespoon tarragon vinegar, 1/4 teaspoon black pepper, 1 teaspoon dried crushed tarragon, 2 tablespoons minced shallots, 2 tablespoons Hollandaise Sauce.

**Method:** In a small saucepan (1 pint) mix the water, vinegar, pepper, tarragon and shallots. Bring to a boil; cook rapidly until almost all the liquid evaporates. Add to American Hollandaise Sauce in blender container; cover; turn motor on (at high speed) for 5 seconds. Makes about 1 cup. Serve at once.

**Note:** The white bulb of green onions (scallions) may be substituted for the shallots.

## Started To Wreck Wrong Building

MILWAUKEE (AP) — Wrecking crews sent to demolish a filling station to make way for an expressway made one big error — they began to rip apart the wrong station.

But the workers realized their mistake soon after they started to work on the closed station, which was across the street from the street from the doomed building. They hurriedly replaced such things as doors and radiators.

## Mission Council Sets Up Large Fund

GHANA, Africa (AP) — The International Missionary Council, made up of interdenominational mission groups in 38 countries, announced at its assembly here the setting up of a 4 million dollar fund to advance theological education in Asia, Africa and Latin America — half of it contributed by the Sealantic Fund, Inc., the other half by eight foreign mission boards, all in the United States.

## Last Of Old Draft Horses For Sale

MILWAUKEE (AP) — Dolly, the last of a long line of draft horses that worked long and hard for the City of Milwaukee, is up for sale. The city purchasing agent said the 20-year old mare, who has been retired to pasture for the last four years, would go to the highest bidder "who will furnish a good home and kind treatment."

The oddest ever depicted on postage stamps. Featured is a video screen with a blur of light on it — but no picture. The designers claim the light is supposed to represent the television set "warming up before the picture appears."

Volume II of Scott's 1958 Standard Postage Stamp Catalogue gives particular attention to airmail stamps. Prices of many airmails have been raised and a total of 33,588 prices have been revised in the 1,300 page book which covers the issues of Europe, Asia and Africa.

Some of the interesting revisions include: 1,003 changes in Austria, 429 for Israel, 287 for the Vatican. More prices were changed in Germany than in any other country 8,170.

The 1958 edition has 24 more pages than last year. It sells for \$6. Volume I, which covers the United States, British Commonwealth and Latin America, will be published in October. The combined edition is due in November.

## WANTS U. S. TO PASS ON PRICES

WASHINGTON (AP) — Walter Reuther urged Tuesday that Congress require large corporations to justify their price increases in advance before a special government agency. An independent consumers counsel would represent the public.

The United Automobile Workers president said that such an agency should not have powers to boost the price boosts but should be able to lay all the facts before the public in advance of the effective date for the increases.

Reuther made the proposal at the opening session of a hearing on auto prices before the Senate Antitrust and Monopoly subcommittee headed by Sen. Kefauver (D-Tenn.).

Auto company presidents are

## Divers Find Sunken Japanese Ferry Boat

KOBE, Japan (AP) — Japanese divers Tuesday found the sunken hull of the ferryboat Nankai Maru in 120 feet of water in the Inland Sea. Six bodies believed to be from among the missing 170 passengers and crewmen were drifting in the area.

The ferryboat was lost in storms Sunday and yesterday that left Japan with 311 persons dead or missing in 23 known shipping tragedies. The Japanese coast guard said 22 other vessels were lost, damaged or sunk along the Pacific and Inland Sea coasts.

to appear later.

The series of hearings is a part of a broad study of administered prices in major industries which the subcommittee began last year. Administered prices are those set by a company, rather than fluctuating on the basis of supply and demand.

## Cooking Is Fun

By Cecily Brownstone

By CECILY BROWNSTONE  
Associated Press Food Editor  
Sputnik or no, the American who invented the electric blender deserves to be blessed by all cooks. Especially by new cooks who long to prepare French-type dishes.

If it is the height of your ambition to serve Eggs Benedictine, poached salmon, cauliflower, asparagus or broccoli with Hollandaise Sauce, then you can do so easily with this recipe via the blender. You can also add to this Hollandaise and achieve Sauce Bearnaise to accompany steak.

Either way, this sauce — which requires no cooking — can compare favorably in texture and flavor with the French Hollandaise that is made over heat.

If you are serving only two or three, and you should have some of the Hollandaise or Sauce Bearnaise left over, refrigerate it in a tightly-covered jar. Then use it instead of mayonnaise, as we do, in the filling for stuffed eggs or in a hard-cooked egg filling for sandwiches or a spread for canapés. We find guests are usually intrigued by the flavor and ask what we did to make the eggs
